

## MINERS WILL RETURN TO WORK AT ONCE

### RESIDENT'S PROPOSAL IS ACCEPTED BY MEN WITH BUT ONE DISSIDENTING VOTE

Telegrams Are Sent Out To the 4,000 Locals of the Union By International Officials Instructing the Men To Return To Work Immediately—Operators Predict Full Resumption of Operations Friday and Shipments of Coal From Mines Beginning Monday.

INDIANAPOLIS, Ind., Dec. 10.—The coal miners' strike is ended. With but one dissenting vote the general committee of the United Mine Workers of America this afternoon voted to accept President Wilson's proposal for immediate return to work pending final settlement of their wage controversy with operators by a commission to be appointed by him.

Telegrams were sent out tonight to the four thousand locals of the union by international officials of the miners, instructing the men to return to work immediately. Full instructions with regard to the agreement will be sent out tomorrow morning.

Operators tonight predicted full resumption of operations Friday and shipment of coal from the mines beginning Monday morning. Miners, operators and government officials alike were highly gratified over the settlement tonight and all sides appeared confident of a final satisfactory settlement of the fight by the commission.

The action today ends a tieup of the coal industry of more than five weeks' duration and which was more far-reaching in its effects than any other in the history of the country. As a result of the strike the country was fast approaching a shut down of industry and widespread suffering.

#### Decision Comes After Many Hours of Debate

The decision of the miners came after many hours of debate in which the radical element in the general committee made incendiary speeches against operators and others interested in settlement of the strike and for a time threatened to defeat efforts to settle the strike at this time. The conservative element led by acting President John L. Lewis and Secretary-Treasurer William Green gained control of the situation this morning and succeeding in putting down practically all opposition by the time the question came to a vote.

#### One Concession Made to the Radicals

One concession was made to the radicals. The convention agreed to the calling of a general convention of the miners at a future date at which time the action and reasons for the general committee will be fully explained. The opponents of acceptance of the president's plan made their fight principally on the theory that only a general convention of the mine workers had power to call off the strike.

#### Refuse to Make Name Public

Members of the general committee tonight steadfastly refused to make public the name of the delegate who cast the one dissenting vote. Two statements were given out following adjournment of the conference by Attorney General A. Mitchell Palmer, who first submitted the president's proposal to acting President Lewis and Secretary-Treasurer Green at a conference in Washington on last Saturday and came to Indianapolis Monday to await the outcome of consideration of the plan by the miners' general committee.

Mr. Palmer's first statement expressed his gratification at the decision of the United Mine Workers and commended Mr. Lewis and Mr. Green for "their wise and patriotic action."

#### Palmer's Statements.

The statement follows: "The coal strike is settled as the government wanted it settled. When Messrs. Lewis and Green came to see me Saturday I restated what the government's position had been from the beginning and insisted upon their acquiescence.

"They finally agreed to it. They have now persuaded the officers of their organization that the situation calls for compliance with the court's order and the government's wishes and I am certain that all the miners in the country will cheerfully agree in the decision of their leaders. I desire to publicly commend the wise and patriotic action of Mr. Lewis, Mr. Green and their associates. I am of course, gratified at the outcome, which is one the entire country will appreciate. Mining will be fully resumed and suffering during the winter is passed the danger of the government has been recognized and upheld the supremacy of the law has been established and a precedent of inalienable value has been set for the peaceful, orderly and lawful adjustment of industrial disputes."

#### Supplemental Statement.

A supplemental statement issued this evening follows: "The miners at their meeting this afternoon accepted the president's proposal exactly as writ-

definite, concrete and practical method by which adequate consideration and a proper adjustment of their claim for an increase in wages and improved conditions of employment may be brought about. The United Mine Workers have full confidence in the president of the United States, and a profound regard for his will and judgment.

"The president's proposal differs from any proposal heretofore proposed in that it leaves nothing in doubt so far as a plan of adjustment and the details thereof is concerned. The scheme proposed by Dr. Garfield left no hope for the mine workers other than the acceptance of an increase in mining prices of 14 per cent. The president's proposal provides that this amount of advance is preliminary and that the tribunal which he will set up will have full authority to consider further questions of wages and working conditions as well as profits of operators and proper prices for coal, readjusting both wages and profits if it shall so decide. It further provides that the commission will have authority to settle internal questions peculiar to each district, all of which are of very great importance to the mine workers.

"The commission will make its report within sixty days unless some unsurmountable differences arise which prevent it from doing so and the commission will have authority to fix the date when any award it makes will become effective.

"The president's plan further provides that upon a general resumption of operations the status quo will be maintained, that is that all mine workers will return to work with an increase in wages amounting to fourteen per cent, upon the same basis which was obtained on October 31, 1919. Neither operators nor miners will be allowed to change the basis, and no discrimination by the coal operators will be permitted.

"It was these specific features of the president's proposition which made it acceptable to the international officials of the United Mine Workers when submitted to them thru Attorney General Palmer and Secretary Tumulty in Washington, Saturday, December 6.

"We are accepting the president at his word, feeling confident that he will appoint a tribunal composed of fair-minded men who will give full and complete recognition to the justice of the mine workers' claims.

"Besides it is fair to assume that the public will not only insist that full justice be accorded the mine workers, but also will accept the finding of the tribunal appointed by the president of the United States as a fair and equitable determination of all the issues involved."

#### Must Clear Mines of Debris.

Springfield, Ill., Dec. 10.—No considerable amount of coal can be expected from Illinois mines this week if the miners may return to work immediately according to operators. It will take the remainder of the week to clear the mines of debris and slate falls, it is said.

Civic fuel administration committees will continue their efforts to insure an equitable distribution of the coal supplies on hand. It is believed fuel restrictions will be necessary for some time until the danger of a fuel famine is past.

The operators and miners apparently were satisfied with the settlement reached today and little delay was anticipated in getting the mines re-opened. The supply of cars at all mines is ample.

#### Relieved at Settlement.

Washington, Dec. 10.—Expressions by government officials of satisfaction and relief at the settlement of the nation-wide strike of bituminous coal miners were coupled tonight with warnings to the American people that early relaxation of the drastic restrictions on the consumption of coal must not be expected. Fuel Administrator Garfield immediately on receipt of word that the miners in Indianapolis had agreed to accept President Wilson's proposal declared that immediate removal of regulations on soft coal consumption was not to be considered. Director General Hines in a formal statement asserted that dislocation created by the strike could not be remedied instantly. The public, Mr. Hines said, will be expected to continue conserving fuel until normal conditions are restored but just as soon as practicable, restrictions will be rescinded or modified.

"As a preliminary to bringing back normal conditions," said the director general, "coal mines will be allowed to run as billed, except the tide-water and export cargoes will continue; orders issued for coal to western regions from Pennsylvania and Allegheny regions will be canceled, but coal billed on these orders prior to cancellation will be permitted to go and be expedited so that these cars can be promptly reloaded for mines."

The railroad administration Director General Hines announced would aid in meeting the needs of other consumers by reducing the supply to a few day margin. The

### SELECT CHICAGO

G. O. P. National Convention Will Be Held June 8, 1920

### 2 NEW DEPARTMENTS

National Committee Authorizes Creation of Departments to Deal With Policies and General Party Welfare

WASHINGTON, Dec. 10.—The Republican national committee today selected Chicago and Tuesday, June 8 as the place and time for the national convention at which the party's 1920 candidate for president will be nominated. On the roll call, Chicago mustered forty-four votes to nine for St. Louis, whose boosters had made a stubborn fight for the honor. The choice of the convention date was unanimous. Asbury Park, N. J., and Cheyenne, Wyo., made bids for the convention, but withdrew before the voting began.

The committee also authorized the creation of two new departments of party organization to deal respectively with policies and general party welfare. The former, composed of selected members of the committee and other men and women representing labor, capital, the farmers and others, will go to work at once sorting out subjects to be dealt with in the 1920 platform. The second committee comprises an equal number of national committeemen and outside party leaders and will function as an advisory council in the conduct of the campaign.

The plan of Will H. Hays, the national chairman for limitation of individual campaign contributions to \$1,000 was formally approved and the committee announced some changes in the apportionment of delegates to the national convention. These changes affected only seven states.

After hearing a report of Chairman Hays and adopting a resolution approving his efforts for party organization, the committee ended and many of the Republican leaders left for their homes.

Of the several hundred prominent Republicans attending the meeting, a large number remained for the session to be held tomorrow by the state chairman. Many questions will come formally before this meeting.

#### Several Innovations

Today's committee meeting was marked by several innovations upon the usual party practice. The choice of a Tuesday instead of a Wednesday for opening of the convention was decided on the leaders said, in order to obviate the customary accumulation of business on Saturday afternoon and night and the selection of a date so early in June was regarded by many as guaranteeing that the Democratic national convention would be held at a later time in contradistinction of the practice of years under which the party in power has been first to make its nomination and declarations. Another novelty was an open meeting preceding the executive session.

During the morning the committee heard the claims of cities asking for the convention and listened to keynote addresses by Governors Sproul of Pennsylvania and McKelvie of Nebraska, and Mrs. Medill McCormick of Illinois, retiring head of the Woman's Division of the party. All of the speakers stressed Americanism and economy and efficiency of administration as the issues of the campaign.

In the vote on the convention city, Chicago mustered a strength which apparently surprised even its backers. The only votes cast for St. Louis were contributed by Tennessee, Connecticut, Pennsylvania, Oklahoma, Georgia, Iowa, Texas, Missouri and Hawaii.

#### Affects Seven States.

Two states will gain and five states will lose in the reapportionment of state representation in the national convention which was based on a detailed system of calculation adopted at the last national convention. The net result will be a reduction of seven in the number of delegates to vote in the 1920 convention the total being 984, in place of 991 in 1916.

On motion of Senator Smoot, committee member from Utah, the committee adopted a resolution commending the states which have ratified the National Woman's amendment and urging that the others do so in time to permit women to vote in all states in 1920.

Announcement was made of the membership of various committees including the following: Committee on policies and platform: Committee members: Bureau, New Mexico; Crane, Massachusetts; Crocker, California; Highland, West Virginia; Howell, Nebraska; Kellogg, Minnesota; McGowan, Texas; Moorhead, North Carolina; Parsons, New York; political information.

### BREAK IN COLD WAVE ARRIVES

Some Moderation Reported Except East of Mississippi and In Northern Plain States.

Chicago, Dec. 10.—A break in the cold wave that for two days has covered most of the country west of the Mississippi river came late today. Some moderation was reported tonight except east of the Mississippi where the cold was severe and in the northern plain states.

Weather bureau observations showed today at Minneapolis had risen from 16 below to zero, and at Omaha 6 above tonight, as compared with 16 below early today. Denver showed the greatest change from 12 below last night to 50 above today.

The severe cold in White River and Winnipeg where temperatures of 44 below were reached, still showed ten and sixteen below tonight.

Unreasonable weather with heavy snow prevailed on the North Pacific Coast.

Except for the northwest and eastern half of the country generally rising temperatures accompanied by unsettled weather was predicted for tomorrow and Friday in the Mountain, plain, southwest and central states.

In Chicago 7 degrees above zero was reached at 9 o'clock tonight as compared to 8 below at 9 a. m. In twenty four hours firemen responded to 125 alarms, several firemen suffering injuries.

### SAVES FARMER AND BECOMES HIS BRIDE

Many Stories of Pluck of English Land-Girls Are Told.

UCKFIELD, Eng., Dec. 10.—Peggy Fisher, a young land-girl who recently saved a farmer from an infuriated bull, now is the wife of the man she rescued. Peggy kicked the bull on the head with such force that it cleared off in the snow and ran to the fence. For this deed she received the land distinguished service badge.

Other land-girls as the English girl farmers are called, have shown their pluck in many ways and six more distinguished bars have recently been awarded. Miss Chapman of Essex stopped a runaway horse which had bolted with a load of hay. Miss F. E. Henley swam a river and rescued a stranded cow on a mud bank in mid-stream and brought it to the bank. Miss A. Roberts and Miss M. Harrison extricated sixteen head of cattle which were buried under the roof of a shed which had collapsed under the weight of a heavy snow.

### APPEALS DIRECT TO SUGAR REFINERIES

Chicago, Dec. 10.—Charging the sugar equalization board in Washington has treated western districts like a set of pick pockets, Major A. A. Sprague, chairman of the Illinois fair price committee telegraphed direct to five of the largest refineries to state appealing for sugar for this state.

His telegrams declared that the situation is grave and that unless supplies are rushed here soon an actual shortage will be experienced.

### BANDIT DENIES CHARGE

San Francisco, Dec. 10.—A punitive statement by Federico Cordoba, Mexican bandit who kidnapped William O. Jenkins, American consular agent at Puebla, denying explicitly that Jenkins had been implicated in the kidnapping, recently appeared in Revolution, a Mexico City paper, a copy of which has been received here.

### DECLINES INVITATION

London, Dec. 10.—Lady Beaverbrook, who before her marriage to Baron Beaverbrook, owner of the Daily Express, was Miss Drury of Halifax, N. S., has declined the invitation of the unionist committee for Ashton-Lyne to become a candidate for a seat in the house of commons.

### RECUR IN CYCLES

London, Dec. 2.—Influenza microbes have a regular program by which they recur in cycles of thirty-three weeks according to the medical research committee. The next call is expected in January and February it is said.

Penrose, Pennsylvania; Smoot, Utah; and Warren, Michigan. On the advisory council committee, composed both of committeemen and leaders, not members of the national committee among others named were Raymond Robbins and Julius Rosenberg, Illinois; Mrs. John G. South, Kentucky; Charles B. Warren, Michigan.

The convention committee includes: A. T. Hart, Kentucky, chairman; John T. Adams, Iowa; William Hale Thompson, Illinois; Col. Charles B. Warren, Michigan; William Wrigley, Jr., of Chicago, was selected as director of the national committee's division on political information.

### ENDANGERS SUPPLY

Mexico Interferes With U. S. Owned Oil Properties

### URGES PROTECTION

Payne Urges Protection of American Supply of Mexican Fuel Oil Upon Which U. S. Shipping Board is Dependent.

WASHINGTON, Dec. 10.—Another memorandum on the Mexican situation was sent today to President Wilson. It deals with the interference of the Mexican government with the operation of American owned oil properties in Mexico and was prepared by Charman Payne of the shipping board after representation of the Associated Mexican Oil Producers headed by F. R. Kellogg of New York, had presented the situation to him.

At the same time, Mr. Payne prepared and sent to Secretary Lansing a letter urging the importance of protecting the American supply of Mexican fuel oil upon which the shipping board is almost solely dependent for fuel for its five hundred oil burning vessels and passenger and freight steamers.

It developed today that the state department has been continuing to protest to the Mexican government against decrees forbidding the drilling of new wells on privately owned property in the Tampico fields and other decrees affecting the oil interests of Americans and other foreigners in Mexico.

Three notes have been dispatched within six months, but it was said today that President Carranza had not replied to any of them. The first went forward last June 18, the second on Oct. 1 and the third on Nov. 18. In the first two the state department specifically protested against the action of the Mexican government in preventing the drilling of new wells on property owned by Americans and insisted upon more adequate protection of Americans working in the Tampico oil region.

The note of Nov. 18 was dispatched after receipt of official information that Carranza soldiers had seized another American-owned well on November 12th.

It was learned today that Mexican military forces have stopped drilling operation of American companies on the pretext that "permits" to drill had not been obtained. In order to obtain permits, foreign oil companies must agree in advance that such wells as may be drilled would become the property of the Mexican government. The United States has repeatedly protested against these decrees.

Certain American owned companies desiring to increase oil production to meet the present fuel oil shortage in the United States it was said have drilled wells without admitting the loss of their property by such acts.

The state department both in formal notes and in informal communication was said to have informed the Mexican government that this action by the American companies was not in defiance of the Mexican authorities, but only the exercising of rights acquired under Mexican law.

### ADMIRAL PRESENTED TO EMPEROR AND EMPRESS

TOKIO, Monday, Dec. 8.—Admiral Albert Gleaves, commander of the United States Asiatic fleet, his wife and daughter were presented to the emperor and empress today. An imperial duck hunt in honor of the admiral had been arranged and there will be a series of dinners given by members of the cabinet.

Blue jackets from the South Dakota, Admiral Gleaves' flagship, are enjoying sight-seeing excursions after their long voyage thru the South Seas.

### WILL NOT WRITE INSURANCE

Peoria, Ill., Dec. 10.—A friendly suit for dissolution of the Western Livery Insurance Co., Peoria, was filed in the circuit court here today. The corporation will cease to write insurance and that already on the books, totaling \$1,500,000 will be turned over to the Kaskaskia Livestock Insurance Co., of Shelbyville, Ill. The petition asks that Congress, William Clifford Ireland, one of the heaviest stockholders be appointed receiver.

### STATE NORMAL CLOSES

Bloomington, Ill., Dec. 10.—President David Peimley today announced the closing of the state normal university at Normal because of the lack of fuel to heat the institution.

### OFFICIALLY RECEIVED

Paris, Tuesday, Dec. 9.—President Poincare today officially received the Brazilian ambassador, Dr. Francisco de Paula, who presented his credentials.

### FILES BRIEF WITH SUPREME COURT

Final Effort Made to Prevent Deportation of Goldman and Berkman.

Washington, Dec. 10.—Deportation of Emma Goldman and Alexander Berkman to White Guard, Russia, would be equivalent to pronouncing death sentence upon them, Harry Weinberger, counsel for the two radical leaders asserted in a brief filed today with the supreme court in a final effort to prevent their removal from the United States.

The highest court was asked to receive an appeal from the action of Federal Judge Mayer in New York which dismissed an application for habeas corpus writ. Counsel both for the accused and the government were permitted to submit briefs.

Weinberger in his brief, admitted that his clients were anarchists but contended that there was insufficient evidence to warrant deportation and charged that the secretary of labor had exceeded his jurisdiction and discretion in issuing deportation orders.

Constitutionality of the statutes under which it was issued also was attacked.

Any action which would delay deportation was opposed in the government's brief which declared the defendants a menace to society. Should the appeal be granted the government asked that bail be refused pending final determination.

In granting Weinberger permission to seek an appeal for error, Judge Mayer gave him until 4 p. m. tomorrow to perfect his writ and it was believed the supreme court would take notice of this in reaching a decision.

### STEAMERS COLLIDE EAST OF HALIFAX

BOSTON, Dec. 10.—Messages intercepted at the naval radio station here tonight told of a collision between the British steamers Carmania and Maryland about 500 miles east of Halifax. The Carmania was slightly damaged. The messages did not state the extent of damage to the Maryland.

The position in which the collision occurred was given as latitude 45.40 north, longitude 52.17 west. The Carmania is bound from Liverpool for New York and the Maryland is believed to be bound from Baltimore for London. One of the messages from the Carmania said that assistance was not needed as the damage sustained did not affect the ship's safety.

### MAYNARD MUST EXPLAIN STATEMENTS

WASHINGTON, Dec. 10.—Lieutenant Belyin W. Maynard was ordered today to report Monday to Major General Mencher director of military aeronautics to explain the statement attributed to him by the Anti-Saloon League of America with reference to the use of alcoholic liquor by army air service pilots.

### Statement Declared Untrue

Sacramento, Cal., Dec. 10.—Statements attributed to Lieutenant B. W. Maynard, transcontinental aviator, that fatal accidents in the army air race were due in some instances to use of alcohol, were declared untrue by Major W. A. Robertson, commandant of the field, home of three aviators who were killed.

### HELD IN BEARDSTOWN WITH BOOZE SHIPMENT

BEARDSTOWN, Ill., Dec. 10.—Two men giving the names of William Thorp and W. B. Forest, and their homes as Rock Island, were arrested here today and twenty five cases of whiskey, which they are alleged to have been transporting by truck from St. Louis to Rock Island, was seized. The men are being held for federal authorities.

### OFFERS TO SURRENDER

Munich, Dec. 10.—A letter addressed to the president of the Bavarian Red Cross former Crown Prince Rupprecht of Bavaria, who commanded German armies in Belgium and France during the war and who now is in Switzerland, offers to surrender himself in response to the demand of the entente for the extradition of German army leaders, provided that his action will bring about the release of German prisoners held in France.

### WEATHER INDICATIONS AND TEMPERATURES

Illinois.—Increasing cloudiness Thursday, becoming unsettled Friday; slowly rising temperatures.

Temperatures	
The current maximum and minimum temperatures as recorded Wednesday were:	
Jacksonville, Ill.	10 19 -5
Boston	28 56 40
Buffalo	12 24 34
New York	26 48 38
New Orleans	44 50 42
Chicago	8 14 14
Omaha	6 8 -16
Minneapolis	0 0 -16
Helena	36 38 -18
San Francisco	54 54 -24
Winnipeg	16 16 -24
Jacksonville, Fla.	60 76 66

Mr. Lovett described what he considered as good and bad features of the Cummins and Esch bills declaring that the "most amazing" provision of the Esch measure as amended by the house dealt with labor.

Judge Lovett objected to the section of the Cummins bill declaring five and a half per cent on the value of railroad property as determined by the interstate commerce commission as a reasonable return and confiscating all in excess of 15 per cent upon such value.

### GIVEN NO FAIR TEST

LaFollette Favors Government Ownership of R. R.

### SOLUTION OF PROBLEM

Senator Declares Plan Has Not Been Given Fair Test Because of Organized Press and Railroad Attempt to Discredit It

WASHINGTON, Dec. 10.—Attacking the Cummins' railroad bill as a measure especially designed to help the roads with their return to private operation, Senator LaFollette, Republican, Wisconsin, declared in the senate today that its enactment would "constitute the greatest stain on legislation in the history of the American nation."

"There is nowhere in this bill one clause in the interest of the people," said Senator LaFollette, who charged that the measure sought to validate all the chicanery of seventeen years of railroad jugglery and fasten it on the people.

Contenting that government ownership was the ultimate solution of the railroad problem the Wisconsin senator declared the plan had not been given a fair test because there had been an organized press and railroad attempt to discredit it. In framing the bill to meet conditions arising with the end of wartime federal control, Senator LaFollette said that the senate interstate commerce committee had not given a full hearing to the army of railroad employees vitally concerned in the further policy of dealing with the great transportation systems.

"You must consider in enacting railway legislation," he added, "what you cannot do any wrong to the railroads and I want to put this across. You cannot hurt the roads or holders of railroad securities because the courts will not permit it. The courts will make sure that there is no confiscation of property and will assure holders of securities a fair return in actual valuation of the property."

#### Will Resume Today.

When the senate recessed tonight Senator LaFollette had not concluded his address after speaking two days and he will resume tomorrow. As to how much more time he might require and leaders said they had no idea when the bill might be passed.

After Senator LaFollette had been talking two hours, Senator King, Democrat, Utah, went to his rescue with a demand for a quorum, which gave him a twenty minute speaking spell. "When the government took over the railroads, Senator LaFollette declared, the 'whole system was honeycombed with inside graft' and examination of every system 'from the Pennsylvania down' he said, would show that officials were financially interested in hungrily and construction companies with which the company was employing them."

As a result of this we find," he concluded, "that stockholders and the public were robbed because of the payment of outrageous prices for supplies. The country must expect to get bad service from any concern infested with graft and that is one explanation for the condition of the railroads at the time the government took them over."

Judge Lovett's Statement While Senator LaFollette was assailing the Cummins' bill Robert S. Lovett, president of the Union Pacific system in a statement sent to members of the congress declared the measure "had the merit at least of recognizing the facts of the railroad situation, the courage of grappling with them in an honest attempt to solve the problem."

Judge Lovett described what he considered as good and bad features of the Cummins and Esch bills declaring that the "most amazing" provision of the Esch measure as amended by the house dealt with labor.

Mr. Lovett objected to the section of the Cummins bill declaring five and a half per cent on the value of railroad property as determined by the interstate commerce commission as a reasonable return and confiscating all in excess of 15 per cent upon such value.

NO SETTLEMENT NEAR Chicago, Dec. 10.—John Fitzpatrick, chairman of the national committee of the United Mine Workers, in reply to reports that the strike was to be ended soon possibly Saturday, asserted tonight that it would go on indefinitely. John H. DeYoung, secretary of the Chicago district reported donations of \$1,500 to provide Christmas presents for striking steel workers' children.

Perhaps the census to be taken next year will tabulate the number of times there has been a "crisis" with Mexico.

The textile workers of New England have been granted an aggregate advance in wages since January 1, '16, of 148 per cent, about double the per centage increase in the cost of living during the past four years.

One of the features of the Peace Time Program of the American Red Cross which is receiving particular attention now, is the inauguration of First Aid and Accident Prevention courses of instruction in the high schools.

Emma Goldman, the apostle of anarchy, wears a set of costly furs at Ellis Island, while awaiting the government's deportation order. She has not yet given up her fight against enforced re-

moval given the country, basing her claim for protection of the governments. She has attempted to destroy on the ground that she is a citizen by her first marriage.

Governor Frank O. Lowden of Illinois is the first member of a Ten Thousand Dollar Club being formed among graduates of the University of Iowa in connection with the campaign to build a soldiers' memorial at the University. He is a member of the class of 1885, and received the honorary degree of LL.D. in 1918 from his Alma Mater.

A new fund of \$75,000 has been appropriated by the American Red Cross from which the Home Service Section may make loans to disabled service men under the federal board of Vocational Education to care for them until their first checks are received from the government. This fund will be supplementary to the fund set aside for a similar purpose by the Benevolent and Protective Order of Elks, and will be used only where the Elks fund is not available.

The annual report of the Department of Labor, submitted to Congress on the opening day of the new session, discloses the fact that out of 697 radical aliens arrested during the last two years on deportation warrants only 60 were actually sent back across the ocean. These figures do not include the recent arrests in organized raids throughout the country. Republicans point to the leniency of the Labor Department as directly responsible for the unrest that now prevails. They say that if those men had been deported when they were arrested much of the source of Red propaganda would have been eliminated before it had an opportunity to extend its poison throughout the country.

**FIVE BILLIONS FOR ONE YEAR**  
Almost five billion dollars is the total of the estimates of appropriations needed to run the Government during the next fiscal year. About one billion of that is interest on the public debt, which, of course, must be met, but the Republicans are getting ready to pare down the other amounts to the point where they will bring the least possible hardship to the people. The fact that in the seven appropriation bills passed by the Republicans last summer, after they had failed of passage in the Democratic Congress, the huge sum of \$1,650,000,000 was saved to the people from the amounts of the estimates submitted by the executive departments indicates that a substantial economy will be effected again in the new fiscal year.

**ARBITRATION**  
In discussing the topic, "Courts of Arbitration Next," the Kansas City Star says:

Recent events are teaching their lesson. Machinery for the arbitration of industrial disputes is provided for in the Cummins railroad bill. The plan is advocated in the report of the Kenyon committee of the senate that investigated the steel strike in the President's message to congress and in Governor Allen's Pittsburgh speech.

"Strikes," the Kenyon committee said, "are a relic of industrial barbarism. It is not to our credit as a nation that no way has been devised to settle these disputes outside of strikes." The president presented similar considerations in his message and now comes the fighting and effective governor of Kansas with the statement that it is remarkable after all our warning that we should come to this situation without an industrial court to which both operators and miners could resort with the assurance of getting justice.

As Governor Allen says, when two private individuals get into acute difficulties, they are not asked whether they wish to arbitrate or not. They are taken into court by the authority of the state and told they must settle their differences there. So while the two parties to a labor controversy might prefer not to arbitrate, the government is in a position to step in and tell them to stop. Their warfare is too destructive to the public to be permitted to continue.

Until recently the question of compulsory arbitration has been only in the realm of speculation. It has been made a pressing issue, calling for immediate action, through the country's experience in the coal strike. Organized society would be acting with full justice if it outlawed strikes in essential industries, provided, at the same time, it furnished the means for a fair settlement of industrial disputes.

**Rippling Rhymes**  
By Walt Mason

Fierce Times.  
So many troubles chase us, so many problems face us, we're always in a stew; so many woes distressing, so many cares are pressing, we don't know what to do. We sigh for days departed, when we were happy hearted, and full of wholesome glee; when griefs were not invented, and every man contented, sat 'neath his vine and tree. But in those bygone seasons, ere Huns, with tricks and treasons, kicked up a beastly row, we all were as unhappy, as assy and as scrappy, as sore as we are now. The troubles then parading were of another shading, they bore another brand, but they were just as galling, they kept the people bawling throughout a wearied land. Our words were just as bitter, we didn't sing and twitter more than we do today; we pined around and pined, and walked the floor and ranted, and groaned, our hearts away. Despite the thorns that jar us, we still can smile a few; it doesn't make things better to be a chronic fretter and weep a quart or two.

Organize District Club of Mississippi Valley Highway Association at Dunlap Hotel Wednesday—Another Meeting to be Held Next Tuesday Afternoon—Arenville Club Organized.

At a meeting held at the Dunlap Hotel Wednesday afternoon a district club of the Mississippi Valley Highway Association was organized for Jacksonville and vicinity.

C. N. Priest was elected temporary president and H. K. Chenoweth temporary vice president. It was voted to hold a meeting at the court house next Tuesday afternoon when a permanent organization will be perfected.

At Wednesday's meeting each member present pledged active co-operation and promised fifty members for the next meeting. A resolution was passed recommending that the route of the highway be changed to run from White Hall thru Carrollton and Jerseyville instead of Greenfield and Medora as at present.

V. R. Riley and H. K. Chenoweth were selected to represent the Jacksonville club at the Jacksonville-St. Louis division meeting to be held in Alton Friday afternoon. At this time the matter of changing the route from White Hall thru Carrollton and Jerseyville will be taken up and disposed of.

The annual meeting of the Burlington, Beardstown, Jacksonville division will be held in this city the last week in August or the first week in September. The definite date will be decided by the executive committee.

**Arenville Club Organized**  
The Mississippi Valley Highway Association formed an association at Arenville Tuesday evening. There was a good meeting with 28 charter members present. The following officers were elected:

President—George A. Brockhouse.  
Vice president—O. W. Heckman.  
Secretary—Charles Schaffer.  
Treasurer—L. F. Lovekamp.  
Chairman of Committee on Good Roads—J. C. Pfeiffer.  
Chairman of the Finance Committee—H. H. Wessler.  
Chairman of Membership—C. H. Nobia.  
Chairman of Legislature—George Lovekamp.  
Chairman of Entertainment—John Zulauf.

**Concord Club Organized**  
A. E. Nissen, organizer of the Mississippi Valley Highway Association, organized a district club of the association at Concord Wednesday evening with twenty charter members. He was highly pleased with the manner in which the citizens of that town took hold of the proposition and it shows that Morgan county is unitedly behind the proposition. The officers selected are:  
President—W. F. Zahn.  
Vice president—Bert Way.  
Secretary—B. A. Cratz.  
The following chairmen of various committees were named:  
Good Roads—Frank Dober.  
Finance—C. E. Rexroat.  
Membership—C. Otto Nicol.  
Legislative—James Dietrick.  
Entertainment—W. H. Williamson.

**Eastern coke, eastern soft coal, hard coal, cord wood, sawed mine props and other sawed wood.**  
**WALTON & COMPANY**

**COL. SEELEY IN CHICAGO**  
Col. L. L. Seeley of White Hall, well known here, left recently for Chicago where he will serve as one of the instructors in the Jones National School of Auctioneering. Col. Seeley has a wide reputation as an auctioneer and already has a number of sales booked for next year.

**CLOTHING CATCHES FIRE FROM GAS HEATER**

Miss Elizabeth Scott Receives Painful Burns When Clothing Catches Fire From Gas Heater.

Miss Elizabeth Scott, daughter of Prof. and Mrs. G. H. Scott of Grove street, received painful burns Wednesday morning when her clothing caught fire from a gas heater.

At the time of the accident, Miss Scott was preparing to take a bath. In some manner her clothing caught fire and she was painfully burned. The burns on her right hand were the most serious.

The young lady is a sophomore in the high school and will be kept at home for several days by the accident.

**SELLS JERSEYVILLE FARM.**

Charles M. Bowyer of Jerseyville sold his farm last Monday to J. A. Bacon. The farm contains

50 acres and it is located two miles west of Waverly. The sale was negotiated by the Story Exchange.

Mr. Bacon will take possession on March 1, 1920 and will make his home there.

**Many sensible Xmas gifts for men and boys at Knoles'.**

**THIS IS A SHOW WORTH ATTENDING**  
Laugh With Her Cry With Her Sympathize With Her  
**NAZIMOVA**  
The Incomparable in  
**"THE BRAT"**  
Her Latest and Greatest Production  
Adapted from Maude Fulton's sensational stage success. Presented in 7 bubbling acts. Where devotion in rags shames jealousy in silks. In the charity homes, in the chorus, and in the dark haunts of the city's slums—people called her "THE BRAT". She never knew any other name. One night an author found her among the drab derelicts of a Police Court. He took her home and she met his fiancée. Then!  
One of the chief charms of Nazimova is her amazing originality. She is an exponent of the bizarre. She defests the commonplace, and her superb artistic equipment enables her to venture daringly where another less wonderfully equipped actress would fail.  
Brown's Orchestra has made a special effort in selecting music for this wonderful Picture  
**Admission—10 and 25 Cents**  
(War Tax Included)  
**SCOTT'S THEATRE**  
**TODAY AND FRIDAY**  
COMING Saturday—Vivian Martin in "His Official Fiance."

**JACKSONVILLE TO MEET VIRGINIA FRIDAY NIGHT**  
Local Team Expects Hard Battle for Season's Opener Here—Game Called for 7:15 at David Prince Gym—Other School Notes.

Coach Hufford's basket tossers will perform for the first time this season when the strong five from Virginia comes to Jacksonville for a game at the David Prince gym. It was feared for a time that because of the restrictions on heating and lighting that it would be impossible to stage this contest but now that the strike has been settled the lighting restriction has been removed. The building is being heated with wood at the present time and as the game is called for the early hour of 7:15 o'clock Friday evening the building will still be heated to a warm temperature by the fire used for the heating plant for school purposes during the day. Calling the game early will make it unnecessary to use any more fuel than would ordinarily be consumed.

The Virginia basketball players have already played several games this season without being defeated and thus have the edge on the local team in point of practice and training. However with some veterans in the Jacksonville line-up and the fact that the local school should be able to give a good account of themselves at the gym tomorrow night.

Remember the game will be called for 7:15 o'clock. Be on time and root for the home team.

The public schools of the city will enjoy a full two weeks vacation this year for the Christmas and New Year's holiday period. All of the schools including the high and junior high schools will discontinue active school work Friday afternoon, Dec. 19th and school will not be resumed until Monday morning, Jan. 5th.

As a result of the settlement of the coal miners strike and the subsequent removal of the lighting restrictions it is possible for the high school to resume class work on the old schedule beginning today. The Junior high school will continue on the new schedule for a time it is understood.

**Deaths**

**Harney.**  
John Harney, infant son of LeRoy and Grace Walker Harney, died at the family home three miles northeast of the city at 11:30 o'clock Wednesday morning. Brief funeral services will be held at Diamond Grove cemetery at 2 o'clock this afternoon in charge of the Rev. F. M. Crabtree.

**Anderson.**  
Bobbie Norbert Anderson, infant son of Mr. and Mrs. Norbert Anderson, died at the family home, 707 West Governor street Saturday, December 6. Burial was made in Oak Ridge cemetery. Mrs. Anderson was formerly Miss Marian Matthews of this city and has many friends here who will sympathize with her in her present bereavement.

**JAMES DOLLEAR INJURES HAND**  
Packing Company Employee Runs Meat Hook Thru Hand—Injury Required Several Stitches to Close.

Wednesday morning James Dollear, an employee of the Jacksonville Packing Company sustained a severe injury to his right hand, when it was pierced by a large meat hook.

The hook was being used to prop open a door. Dollear started thru the door, walking rapidly, and struck his hand against the point of the hook. It penetrated the hand between the thumb and index finger, the point coming out in the palm of the hand.

The injured man was taken to the office of Dr. A. M. King where it was found necessary to take ten or fifteen stitches to close the wound. Dollear was then removed to his home, 603 Hardin avenue. It will be several weeks before he is able to return to work.

**MINERS WILL RETURN TO WORK AT ONCE**

(Continued from Page One.)  
administration has been maintaining a fifteen day supply.

**To Carry Out Provisions at Once**  
While these two government agencies were issuing their warnings, white house officials indicated that steps would be taken immediately to carry out the provisions of the president's proposal relating to investigation of wages and working conditions in the bituminous fields by a commission of three. In fact, it was intimated that the president has already practically decided on the appointments to the commission, and was awaiting only the return of Attorney General Palmer, from Indianapolis before announcing the names of the three members.

Operators from all of the larger bituminous fields of the country who have been gathered here awaiting developments from the miners' meeting in Indianapolis, issued a statement tonight in which they said:

"We are pleased that the miners have voted to return to work and that the public can be promptly supplied. Realizing the imperative need of coal in large quantities the operators stand ready now as in the past to bend all their energies toward a maximum production beginning at once."

There was some speculation as to when and how the operators would be informed of the settlement and of the provisions of the settlement.

Individual operators intimated that they expected Attorney General Palmer or some other government representative to inform them soon as to what they were expected to do under the settlement. It was pointed out that the only agreement in which the operators are actually concerned was that which the central scale committee of the competitive field made with Dr. Garfield. The president's proposal, it was said, might very considerably from that and some operators in the central field, or in outlying fields might not consider themselves bound but there were no signs of any such intention evident.

**Should Get Underway Friday.**  
Chicago, Dec. 10.—Mining of coal in Illinois mines should get underway Friday morning, as a result of the strike settlement announcement at Indianapolis today, according to Dr. F. C. Honnold, secretary of the Illinois Coal Operators' Association.

No loosening of the coal restrictions that have reduced manufacturing to three days a week and stores to six hours in Chicago and Illinois followed the Indianapolis announcement. Fuel officials said the rules might be gradually withdrawn but that probably thirty days of regulation would be required after the miners resume work. One official said Chicago would feel the effects of the coal strike as late as next summer.

Restrictions on the use of coke were withdrawn, however. Many manufacturing plants closed today for the week as a result of the order limiting factory users of power, heat and light to three days of operations on days designated by the utilities concerns. A large number will continue to operate tomorrow, however, as the order specified three days of normal working hours whereas industry generally has been operating on a six and a half hour day. Next week the utilities commission decreed Wednesday Thursday and Friday will be operating days.

Much confusion has resulted from the three day working order was the basis of a severe arraignment of the public utilities commission today by Charles Piez, manufacturers' representative on the local advisory committee.

"It is the most unfair thing the commission has yet done," said Mr. Piez.

**TO FUEL USERS.**

We have been sending Pennsylvania soft coal out on orders as we had no other available. This coal has the appearance of screenings but in reality is of that size when taken from the mine. Pennsylvania coal is practically semi-anthracite. It has more heat value than ordinary Illinois coal.

Some consumers have told us that very satisfactory results are secured when coal is fed into stove or furnace in small quantities. Do not fill up the furnace or stove with this coal in the customary way. Feed it in smaller quantities. The fire will be hotter and less coal consumed.

**WALTON & COMPANY.**

**Social Events**

The Endeavor society of the Central Christian church will hold their monthly meeting at the home of Misses Pearl and Mamie Allison Friday evening.

**Mrs. Crawford Entertains**  
The Pleasant Hour Club.  
Mrs. Lee Crawford entertained the Pleasant Hour club at her home on Diamond Court Wednesday afternoon. There was a good attendance of the members and all enjoyed the interesting program and business meeting which was followed by a delightful two course luncheon and social hour.

**History Class Met With Mrs. Harrison King.**  
The History Class met with Mrs. Harrison King Wednesday afternoon with a large attendance. The paper of the afternoon was by Mrs. Paul Thompson whose subject was, "Russian Art and Paintings of the Seventeenth and Eighteenth Centuries." A social hour followed and the hostess served refreshments.

**Catholic Aid Met With Mrs. Sweeney and Mrs. Gorman.**  
The Catholic Ladies Aid met Wednesday afternoon with Mrs. Margate Sweeney and Mrs. Morris Gorman, 228 West College avenue with a large number of members present. Final plans were made for the Christmas tree for the Parochial schools and the date was set for Tuesday, December 23. Two new members were taken into the society. The next meeting will be held with Mrs. E. A. Brennan at the Pacific hotel Wednesday, December 31.

**Matrimonial**

**Standley-Bourne.**  
Glen Standley of Joy Prairie and Miss Estelle May Bourne of Litchberry were united in marriage at 6 o'clock Wednesday evening by the Rev. G. T. Weizel at his residence.

The bride is the daughter of William Bourne of Litchberry and is a young woman held in high regard by a large circle of friends.

The groom is the son of Edward Standley. He was in the service during the late world war and is a farmer by occupation. They expect to begin housekeeping in the spring on a farm near Joy Prairie.

**WALTON & COMPANY**

**WILL MEET TODAY**  
Circle No. Two, Pastor's Aid Society of the First Baptist church will meet at the home of Miss Martha Story, 500 North Diamond street at two o'clock this afternoon.

**BURLINGTON FREIGHT CAR OVERTURNED**

Cattle Released Thru Hole Cut in Car Roof—Passenger Train Delayed.

A car of cattle enroute to St. Louis on the Burlington was overturned near Joy Prairie station about 7 o'clock Wednesday night. The car had been loaded by J. A. Moss. As the train was switching from the side track to the main track, probably due to a spreading rail, the car was overturned.

Trainmen and H. A. Furry who is in charge of the Joy Prairie Elevator, cut an opening in the top of the car and the cattle were released in this way. The wrecker was sent from Beardstown and the track was cleared in about two and a half hours' time. It is thought that none of the cattle were injured, altho they were all scattered and will be driven back to the stock yards at the station today.

This wreck further delayed the Burlington passenger train which was due here at 2:08 p. m. The train was held at Concord for a number of hours awaiting connection from the north and then came the freight wreck. Consequently the train passed thru Jacksonville last night nine hours late.

**IN THE CIRCUIT COURT.**  
In the circuit court yesterday Judge Smith, and jury heard the suit of L. O. Vaught vs. Joseph E. Stice. The litigation was with reference to an attorney's fee. Mr. Vaught represented the defendant in a proceeding relative to a Texas land deal. There was a disagreement over the fee with the result that Mr. Vaught instituted the suit. The jury found in his favor and fixed the amount due him at \$500.

Attorneys began the work of securing a jury for the suit of

William Rook vs. the Chicago & Alton R.R. This is a suit in which the complainant seeks damages on a certain stock shipment. James O. Priest is representing the complainant and William T. Wilson is appearing in behalf of the railroad.

## SKS CHANGE IN RAILROAD SERVICE

Henry Frisch Sends Message to C. & A. General Passenger Agent—No Promise for Immediate Betterment.

Henry Frisch as president of the Chamber of Commerce recently sent a telegram to George Charlton, general passenger agent of the Chicago & Alton, asking if something could not be done to improve the passenger service into Jacksonville, even under present rules or restrictions. The recent order of the railroad administration practically cuts Jacksonville off from hopping visits from people living south of the city. It is not possible for a resident of Woodson, Murrayville or points south to reach Jacksonville over the Chicago & Alton and return home the same day. The only train from the south during the day time hours is No. 14, which arrives in Jacksonville at 4:55 p. m.

From the north the service is better, as the shoppers can come into Jacksonville on the 10:15 a. m. train and return home on the late afternoon train. However, judging from the reply which Mr.

Frisch received yesterday from Mr. Charlton, there is not much immediate prospect of any improvement. Mr. Charlton states that while he regrets the situation here, that other cities are being inconvenienced in the same way. However, it can be pointed out that while a reduction of 33 1-3 per cent was required, that so far as Jacksonville is concerned on the Chicago & Alton the reduction has been nearer 66 2-3 per cent.

The telegram to Mr. Charlton and his reply are printed below: Chicago, Dec. 9, 1919. Mr. Henry Frisch, Pres. Chamber of Commerce, Jacksonville, Illinois. My dear Mr. Frisch:

I have just received today noon your message dated December 8th reading as follows:

"While Jacksonville merchants are always willing to comply with any ruling during a stringent crisis, we believe we have been unjustly discriminated against particularly during the busy shopping season. Patrons cannot come to Jacksonville from the south and return the same day. What can you do for relief?"

We very much appreciate and thank you for the very kindly way in which you put your case before us and wish to feel that our

sympathies are with you and other communities in this very trying crisis.

We are right up against it. We have been required in line with all other railroads throughout the country to make a reduction of 33 1-3 per cent in our passenger train service and we have tried to do that and to preserve as consistently as we can the same relative conditions in operating passenger trains into and out of the larger cities on our railroad, having all the time in mind the necessity wherever it is possible to provide it for shopping service account of holiday travel.

Your situation at Jacksonville is not different than the situation at Bloomington. At Bloomington there is no passenger train service from the Jacksonville line into the city in the morning and out again in the evening. There is no passenger train service from the main line into that city in the morning and out again in the evening. That also applies to train service from the north into Bloomington in the morning. I cite Bloomington as only one of the cases where the situation is perhaps a little worse than at Jacksonville.

We hope that there will be an opportunity very soon to restore some of the service which will provide for the shopping trains into and out of the large cities. If the present troubles are settled it is altogether possible that we may be able to do something to relieve the situation next week and in ample time I hope to give your shopping trade from near-by station a chance in connection with holiday sales.

I know you will appreciate the fact that we feel just as badly about this as you do and are extremely anxious and will as soon as we are permitted to do so relieve the situation so as to take care of the holiday trade.

With every good wish,  
Sincerely yours,  
Geo. E. Charlton,  
General Passenger Agent.

## WEALTHY DECATUR RESIDENT DIES

A recent number of the Decatur Review mentions the death of Robert Faries, a wealthy citizen whose estate was estimated at \$22,500. E. P. Irving, cousin of Mrs. J. I. Barrows, 711 West College street and an alumnus of Illinois College, is a son-in-law of the deceased. Mrs. Irving and a sister, Mrs. Walbridge, are the daughters and only heirs and Mr. Irving is appointed administrator and has filed his bond for \$1,045,000.

Mr. Faries' avocation or past-time was a park which was his private property—a little suburban resort where the Illinois Traction System crosses the Sangamon river. On it he bestowed much time and care after he had given up active business and without doubt he meant to leave it to Decatur by will, but failed to do so. The paper in question says the daughters will undoubtedly carry out their father's wishes in the matter and permit the park to become a memorial to him. It is not a large tract of land, but it is well located and very attractive as a playground.

## Farms FOR SALE

I own and offer for sale or trade several farms of from 80 to 360 acres at the right prices.

## OLD JACKSONVILLE

AS THEY PASSED BY

By Ensley Moore  
(Member Illinois State Historical Society)

"They say of soldiers that they 'marched past.' They are the beheld of all beholders, but there are not so many soldiers, and there are other important people and things to be seen as 'the years creep slowly by.'"

"California Wagons." It must be known that the prairie schooners sailed over the West—yes, not only from the Alleghenies to the Mississippi; but even finally, on the land route ending at the Golden Gate.

The little boy had just got so he could get his nose above the sitting room window sill, and see across to "Eleanors house," when the thirst for gold started the emigrants "across the Plains." These went—leaders or horse-back—boys or girls occasionally on ponies, others on foot—but the families or companies of men in white covered wagons, rolling from Ohio or Pennsylvania or Indiana or Illinois westward.

There would be wagons, unfit even to start with, with a driver and some women and children; and a team of scrawny horses or a yoke of oxen—this wagon with others stronger and better equipped in "the train"—and there would be a dozen or two or more in some strings, with two to four teams of horses or mules, or yokes of oxen. Their owners "were going to win!" And yet they all may have lain down on the wild way, or been massacred by the Indians. But women always go with "their men," and the children must go with their mothers. So the seekers for gold pioneered thru this region, while our old settlers shuddered at what might be before them.

The emigrant reached "the Coast"—some of them safely, others bereft of friends, cholera caught hundreds and thousands, Indians followed and murdered others—but the long, long trial was hot with hurrying feet for years. The "Donner party," which mostly had so tragic a fate, started from our own Springfield in 1846.

Kansas and Pike's Peak. Some of the travelers, coming later, were not so venturesome, or perhaps avaricious and they were going to stop in Iowa—admitted to the Union in 1846.

Then Slavery was trying to claim the new West, Kansas and Nebraska, for its extension, and bold, good Americans rode in the white wagons to hold that land for Freedom. They rode, and looked, about as the gold seekers, but they had a higher ideal. Blood stained Kansas but Freedom wiped out the stain. Then, in 1858 and 1859, reports of gold again crazed people, and the "boxer wagons" carried them to Pike's Peak—meaning Auraria, afterwards Denver—and mostly to disappointment; so the saying was "Pike's Peak or Bust," generally ending "Busted."

Another Procession. There were other things going on in the United States in 1858, and, one day a stout little man in

an open barouche rode by bowing to right and left, followed by cheering supporters. For Stephen A. Douglas—Morgan's own protégé—was again riding to the Senate, which he got; and, openly to the Presidency, which he did not get.

A few days later a tall, gaunt man rode by, in another open barouche, bowing to right and left, seeking the Senate, which he did not get; and, covertly, the Presidency, which, Abraham Lincoln—of Illinois—did get.

Lincoln got it, but many men said he should not rule them, and war was on us.

July Fifth, 1861, the Twenty First Regiment of Illinois Volunteers, "marched past," and the growing boy saw its unknown Colonel—another citizen of Illinois—riding by; and Grant was marching to Victory and to Immortality.

And the 14th, Illinois, by companies and as a whole, marched up and down State street, its Colonel, Palmer, going for two silver stars on his shoulders, for the Governorship and for the United States Senate.

Then stray companies of cavalry, one from Quincy, another from here, rode thru our streets, and finally the 101st Illinois, Morgan's own regiment, marched up and down where Duncan and Hardin and Palmer and Douglas and Lincoln and Yates and Grant had gone before them.

Those were great times for growing boys. But first of all, in 1861, April 22, the win companies Jacksonville sent to the 10th, Ill., marched to "The Academy" or "The Methodist College," around the Square, and down to the old "Great Western" depot on North Main street. Where are all the boys who tagged along after them? You knew them.

"Johnny Comes Marching Home" The glad day came when the Rebel Chieftain surrendered to Grant, Lincoln had triumphed, but the dastard's shot had taken him.

With the Victory our "boys in blue" came home, welcomed with a great dinner in the Square, and with glowing words of praise from "Old Dick," who had organized nearly three hundred thousand of them, in Strawn's Hall.

Think of it, Morgan! Douglas and Yates and Grierson and all their heroic hundreds and thousands, all, all from Morgan!

But Other Processions. But the War sent us other lines of processions. Those which followed the bodies of our loved men who had laid "the last full measure" of patriotism on their country's altar—Matt. Starr, Ed. Anderson, Abner Upham, Thomas Marshall, James A. Callahan, George W. Wood, Joaquin Vasconcelos, and many others—as reverent and weeping friends bore them to their places of rest—"Far from the madning crowd."

## BOY'S FOOT CRUSHED BY WABASH TRAIN

Oliver Gadsberry, Ten Year Old School Boy, Loses Foot When He Falls in Front of Train—Amputation Found Necessary.

Oliver Gadsberry, son of Mr. and Mrs. John Gadsberry of 821 Cox street, had his right foot so badly crushed Wednesday when he fell in front of a Wabash freight train that amputation was necessary.

The accident occurred at the North Main street crossing. The injured boy was carried into the Wabash freight house and Dr. King summoned. When he learned the nature of the injury he had Gadsberry taken to Passavant Hospital. Examination showed that amputation was necessary and the leg was removed about two inches above the ankle.

The boy in company with a number of other children was on his way to school when the accident occurred. According to the story told by a little daughter of Ed Miller, a train was backing toward the crossing when the children reached it. All of the children except the Gadsberry boy stopped to wait until the train passed. He started to cross the track and apparently slipped and fell directly in front of the cars, the wheels passing over the right foot.

The family has only resided here a few months, coming to the city from Macon. The injured lad was resting comfortably Wednesday evening.

Teachers, churches and others interested in Christmas candies, see us before buying.

## RALPH MEGGINSON HELD SALE WEDNESDAY

Sale Totaled Over \$4,000 and Good Prices Prevailed—Will Move to Farm near Jacksonville.

Ralph Megginson held a sale at his farm east of Woodson Wednesday. The cold weather prevailed there was a good crowd present and all offerings sold well.

Mr. Megginson expects to move in the spring to a farm near Jacksonville and wished to sell off some surplus stock in order not to carry it thru the winter. The sale totaled over \$4,000.

J. L. Henry and C. J. Wright were the auctioneers and John Shirley served as clerk. The ladies of Woodson Christian church served the lunch.

Cows sold from \$50 to \$110. Sheep brought \$10.25 to \$11 per head. Hogs sold from \$13.25 to \$22 per head. One sow and seven pigs sold to James Lonergan for \$67.50. Ed Hembrough bought 19 head of steers for \$53.50 per head.

One hundred and fifty five bales of timothy hay sold at 91 cents per bale. Oats straw sold at 54 and 55 cents per bale. Mr. Vorbees bought 250 bushels of corn at \$1.36 per bushel.

**MARKET AND BAZAR**  
The Loyal Women of the Christian church will have an all day market and bazar at 234 West State St., Saturday, Dec. 13th.

## APPLES FOR SALE.

For 10 days only, to make room for Xmas goods, we offer 1,000 bushels of good eating Jonathan, Grimes Golden and Delicious apples at \$2.50 per bushel delivered. This positively is the cheapest fruit on market today. Better order early, as nearby towns also draw on this supply. We also have a line of Christmas trees and holly wreaths for decorations.

## LONG TIME EXETER RESIDENT PASSES AWAY

Edward Berry Dies at Home in Exeter Wednesday—Had Resided in That Place all His Life.

Exeter, Dec. 10.—Edward Berry, a resident of this place his entire life, died at his home here today, aged about 65 years.

Deceased was the son of the late Patrick Berry and was born and practically all his life, was spent here. At one time he was engaged in railroad work with the Wabash railroad. For a number of years past he has been engaged in teaming.

He was united in marriage about 39 years ago to Miss Mary Riley of Jacksonville who passed away in January, 1919. He is survived by two sons and two daughters, George and Roy Berry of Exeter, Mrs. Lloyd Eck of Arenzville and Miss Frances Berry at home. He also leaves two brothers, Charles Berry of Exeter, William Berry of St. Louis, and one sister, Miss Dibbon Berry of Exeter.

Funeral services will be held Friday, tho the hour is not yet known.

Silk shirts, silk hosiery and silk neckwear for men are shown by FRANK BYRNS Hat Store.

**HEMPSEL SELLS FARM**  
TO JOHN R. WILSON  
Henry E. Hempel sold his farm located five miles northeast of the city and containing 120 acres, to John R. Wilson of Woodson. Mr. Wilson takes possession of the farm on March 1, 1920 and will make his home there. Mr. Wilson is one of Morgan county's progressive farmers.

The sale was made last Monday and was negotiated by the Story Exchange of this city.

Don't let your car freeze up. I have plenty of de-natured alcohol. \$1.00 per gallon.  
R. T. CASSELL

## Your Christmas Shopping

You are now thinking of presents for your friends. Of course you are thinking of the useful and practical sort, the kind that will be appreciated.

Make some of your friends happy with foot wear of some kind. Perhaps some child could use a pair of shoes or house slippers. Some adult could use a pair of dress or comfort shoes, a pair of house slippers in felt or leather.

More and more footwear is being considered an ideal Christmas gift. When you are undecided and do not know just exactly what to buy, just think of footwear, there are so many kinds, some of your gifts can be some kind of footwear.

Large assortments of footwear await your inspection. If it is to be slippers, buy early, is our advice.

## Rules and Regulations Made By State Utility Commission

It is now ordered that all public utilities furnishing light, heat and power in the State of Illinois shall, until the further order of this Commission, govern themselves in furnishing and supplying their services, by the following rules and regulations and shall enforce the same in their dealings with their customers.

**Light.**  
1. No ornamental lights, white way, or other unnecessary street lights, outline lighting, electric signs, or illuminated bill boards, show windows, or show case lights are to be operated. This does not affect street lighting necessary for the safety of the public.

All interior illumination of any business premises shall, during the hours permitted by this order for the use of gas and electricity for such business, be reduced to fifty per cent. 50% of the amount normally used; provided, that in establishments where machinery is being operated, the reduction of illumination shall only be to such extent as may be consistent with safety.

2. No cabaret, dance hall, pool hall, or bowling alley shall be permitted to use light, except between 7:00 P. M. and 11:00 P. M.

3. Theatres, not including vaudeville and motion picture houses, shall be restricted to service for seven (7) performances a week, namely, one in the afternoon and six in the evening, and are enjoined to exercise at all times the greatest economy in illumination. Vaudeville houses shall be restricted to eleven (11) performances a week, namely, five (5) in the afternoon and six (6) in the evening. Inasmuch as motion picture houses consume very little light, they are excepted from regulation as to hours, but required to effect all possible economies in the use of light and heat. Use of service by theatres, vaudeville houses, and motion picture houses outside of hours of operation shall be only sufficient to safeguard against freezing.

4. Stores, including retail stores and warehouses, but excepting retail grocery stores and stores selling food exclusively, must not use light (except safety lights) except for six hours per day, between the hours of 12 M. and 6 P. M. Manufacturing plants shall be allowed to use light only during the time prescribed for the use of power.

5. Offices, banks, and other places of business—all office buildings included—shall receive service from 9:00 A. M. to 3:30 P. M. only, except that banks which customarily remain open for business after 3:30 P. M. and certain evenings each week may continue to receive such service. Every possible economy in light, heat, and power, including reduction in elevator service, must be effected within these hours and the heating during closed hours be reduced to the lowest margin of safety.

In all buildings of whatever character, including factories and stores referred to above, service lighting shall be reduced to a minimum, elevator service outside of the hours specified for operation shall be reduced to one car per hour, and heat must be cut off except in such degree as will prevent damage by freezing.

6. Barber shops may receive service from 1 P. M. to 7 P. M., except those located in office buildings, in which case they shall be governed by office building rules.

**Exceptions.**  
(a) Drug stores may receive service for the sale of drugs, medicines, and druggists' supplies only, and restaurants may receive service for the sale of food only, according to their usual custom, but must reduce lighting one half.

(b) Railroad stations, hotels, hospitals, telephone, telegraph, and newspaper offices are not included in so far as necessary lighting is concerned.

(c) Dairies, refrigerating plants, bakeries, plants for the manufacture of necessary food and medicinal products, water works, power plants, printing plants, for the printing of newspapers only, garages, service filling stations, battery charging outfits in connection with plants producing light or power for tele-

phone, telegraph, or public utility companies are exempt, except that all such establishments are required to exercise all possible economy of light.

**Heat.**  
1. Only enough heat shall be furnished in offices, stores, warehouses, and manufacturing plants to keep the average temperature at 68 degrees Fah. and then only during the hours for which light is permitted. During other hours only enough heat shall be furnished to prevent freezing of water pipes or sprinkler systems.

2. In manufacturing plants or plants coming under power curtailment rules, heat to 68 degrees Fah. shall be allowed only during that time prescribed for use of power.

**Power.**  
1. No manufacturing plant or factory shall be furnished heat, light, or power for operation in excess of three (3) days a week on the basis of normal working hours.

**Exceptions.**  
Dairies, refrigerating plants, bakeries, plants for the manufacture of necessary food and medicinal products, water works, sewerage plants, printing plants for the printing of newspapers only, garages, service filling stations, and battery charging outfits in connection with plants producing light or power for telephone, telegraph, or public utility companies are exempt, except that all such establishments are required to exercise all possible economy in the use of power.

The respective utilities are hereby empowered to fix the time of operation under this provision for each industry or class of industries, upon consent of the local committee which is acting in co-operation with the Commission, and subject to the further order of the Commission.

In cases where power is generated from a source other than coal this Commission reserves the right to make special exceptions from this order.

2. In all buildings of whatever character, including factories and stores referred to above, elevator service, outside of the hours specified for operation, shall be reduced to one car.

**Electric Railways.**  
1. Suburban and local transportation schedules shall be reduced to the least number of runs that will accommodate usual travel requirements.

2. No heat shall be provided on electric cars during rush hours and heat during non-rush hours shall be curtailed as much as possible. The provisions as to rush hour heating shall not be applied to interurban traffic.

**General.**  
Electric railways and manufacturing plants, stores, and offices, shall co-operate in arranging within the provisions of this order, schedules, days, and hours of work to permit the maximum utilization of transportation equipment.

IT IS FURTHER ORDERED that said utilities shall make publication of this order, or of the substance thereof, in the principal newspapers in the territory served, and said utilities are hereby authorized to cut off and discontinue service to any consumer who, after such publication, and while this order is in force, shall fail to observe any of the above rules and regulations.

The Commission earnestly urges upon the public the necessity of co-operating in every way possible to make this order effective, and expressly urges upon domestic consumers of gas, light, and electricity the importance of reducing their consumption of the same to the very lowest point possible, lest there be no fuel for their necessities later on.

This order is not to be interpreted so as to conflict with any orders of the Federal Government.

This order shall be effective on and after 12:01 A. M., December 10, 1919, and shall supersede the orders this Commission entered December 3, 1919, and December 5, 1919, respectively, and also the order entered December 4, 1919.

By order of the Commission at Springfield, Illinois, this 9th day of December, 1919.

Alma Smith and Miss Edna Ogle, who sung two selections and by the choir of the church composed of Mr. and Mrs. W. D. Wood, Mrs. Frank Heirman, Mrs. David Geiger and Henry Naylor with Mrs. Weeks as accompanist. The flowers were cared for by Della Goodpasture, Eva Brockhouse, Alma Vehers and Mrs. Roscoe Goodpasture.

Burial was in Arenzville cemetery the bearers being, Russell Brockhouse, Ellis Brockhouse, Chester Brockhouse, Roscoe Goodpasture, Philip Stock and Clyde Taylor.

**Daniels.**  
Funeral services for Mrs. Verlen Daniels were held from the Reynolds chapel at 2 o'clock Tuesday afternoon in charge of the Rev. A. A. Todd, pastor of First Baptist church. Solos were sung by Mrs. Gene Grider and George Gunn. Fred Bray was at the organ.

Burial was in Jacksonville cemetery the bearers being, Charles Black, A. Fairlo, Allan Fairbank, Austin Patterson, S. T. Anderson and Charles Gunn.

**Trinity church Benefit**  
Apron Sale to be held on Saturday, Dec. 13th at Rectory. Opens at 10:30. The ladies will serve afternoon tea. Friends of the church cordially invited.

## NORMAL HOURS NOW IN BUSINESS DISTRICT

NEW PLAN APPROVED BY ADVISORY COMMITTEE

Must Follow State Utility Commission Orders Strictly—Except for Six Hours Cannot Use Electricity or Heat From Soft Coal.

Most Jacksonville stores will be open the usual number of hours today. The heating and lighting done will be in compliance with the rules and regulations laid down by the State Utility Commission. Soft coal will be conserved but the rulings are such that business can run along in its general course.

**To Resume Normal Hours**  
At a meeting of the advisory committee held Wednesday afternoon at the city hall it was decided to "lift the ban" and earnestly request all business men to observe the utility commission ruling. If merchants have heat other than during the hours laid down by the commission they are expected to obtain that heat from other than soft coal or coke. If their places of business are open beyond the hours prescribed by the commission, they are expected to have light other than that from electricity or gas.

While the committee is making the request for compliance with the utility commission rules, as a matter of fact there must be such observance for Supt. Gray of the Jacksonville Railway & Light Co. has his instructions direct from the utility commission to see to it that the rules are observed, that service is cut in such a way that there may be definite savings in the consumption of soft coal.

Neither the federal nor the state regulations as to heating or light make mention of the schools or churches and therefore the local committee yesterday withdrew the fuel restrictions as relating to churches and schools. Rev. W. E. Spooner, Rev. M. L. Pontius and Rev. T. H. Tull had been appointed as a committee of the ministers to confer with the committee with reference to church services, but before the matter was discussed with the ministers the committee had made the ruling already indicated.

**Manufacturing Plants**  
Manufacturing plants cannot run more than three normal working days a week and for such plants the authority to use light and power other than that furnished by the light company during the hours not specified in the utility commission order will be without benefit. An industry of any size of course cannot install a special system of lighting and heating on short notice or for a short period of service.

Under present rulings, therefore, business houses are expected to keep up the heat used before 12 o'clock with wood and if heat is used after 6 o'clock from the same material. Lights other than for the period from 12 m. to 6 p. m.

must be furnished from coal oil or gasoline.

The committee was led to this action particularly because of the coal strike settlement and the feeling of certainty that it will not be many days before some Illinois coal is received in this market. It is realized that after a shut down of five weeks that the demand will be great but it is only reasonable to expect that Jacksonville will have some share in the production, especially in mines located not very far distant from the city.

**Avoids Confusion**  
It goes without saying, too, that the committee was pleased to authorize the greater latitude in business hours because of some dissatisfaction. Merchants place different interpretation upon the rules and regulations with the result that some observed the hours of business specified literally while others kept their stores open later than the hour limit or open earlier in the morning than did some of their competitors.

As it is now every man is in a measure placed upon his honor in this matter of lighting and heating. This is especially true with reference to heat for when it comes to the light question the consumer faces the requirement that Supt. Gray has laid down, based upon the instructions he has received from the utility commission, and no one questions the authority of the commission in its management of utility concerns.

Every manufacturer and every class of business is provided for in the list of rules outlined above. At the meeting of the committee the following resolution prepared by H. A. Perrin, secretary of the committee was unanimously adopted and reads as follows:

**Committee's Resolution**  
The Advisory Committee requests strict compliance with the rules prescribed by the State Public Utilities Commission as to power, heat and light for business houses, stores, offices, industries, etc.

The Advisory Committee further recommends that all business houses, stores, offices, industries, etc., which can furnish their own light, other than electricity and gas and heat, other than coal and coke, be permitted to conduct their businesses during the hours other than those hours prescribed by the State Public Utilities Commission. (This shall be interpreted to mean that businesses, stores, offices, industries, etc., may run as usual but that they can have service from coal or coke heat and from electricity or gas only during the hours prescribed by the rules of the State Utilities Commission.)

These regulations become operative Thursday morning, Dec. 11, 1919, at seven o'clock.

**Don't let your car freeze up. I have plenty of de-natured alcohol. \$1.00 per gallon.**

**R. T. CASSELL**

George J. Creed and C. T. Holbrook of Prentice were business visitors in the city yesterday.

## WINCHESTER ODD FELLOWS ENTERTAIN

Lodge Members and Families Enjoy Dinner and Social Tuesday Evening—Other News.

Winchester, Dec. 10.—The members of the local lodge of Odd Fellows with their families, enjoyed a six o'clock dinner at their hall here Tuesday evening. The menu included: baked chicken, dressing, potatoes, gravy, escalloped oysters, hot rolls, salad, cranberries, olives, pickles, jelly, ice cream, cake, and coffee. There were a number of after dinner toasts made by the members and guests. A delightful social time was enjoyed in the hall following the dinner.

**News Notes.**  
Mrs. Nettie Bates expects to leave Thursday for Galva, Ill., to spend the winter with her daughter, Mrs. Henry Hofstetter and family.

B. Groom returned Wednesday from a short stay in St. Louis. Mrs. Fannie Warren suffered an unfortunate accident Wednesday morning when she was out in the yard at her home. She slipped and fell, sustaining an injury to her hip. She was taken to Our Saviour's Hospital in Jacksonville by Dr. William O'Reilly. There an X-ray picture was taken to determine the extent of her injury.

Mrs. Clifford Cooper of Alsey was a shopper here Wednesday.

John T. Coe returned Wednesday afternoon by auto from St. Louis.

Rev. W. R. Johnson of Jacksonville, a member of Winchester lodge of Odd Fellows, was among those present at the banquet here Tuesday evening.

**Train Service.**  
The reduction in railroad train schedules has caused the discontinuance of Burlington train No. 52 southbound, due here at 3:35 a. m. and of Train No. 49, northbound, due here at 11:07 a. m.

Since these changes were made, Train 45 due here at 2:30 p. m. has been coming thru with double loads. This train lately has been carrying two mail cars and two baggage cars in addition to seven or eight passenger coaches. Recently No. 48 has been running considerably behind schedule. Due to arrive in Winchester at 2:30 o'clock in the afternoon, as stated, Tuesday it reached here at 5:30 p. m. and Wednesday did not pull in to the local station until 8 p. m.

**CHANGE OF HOURS**  
The office of The Johnston Agency are now permanently made 9 a. m. to 4 p. m.

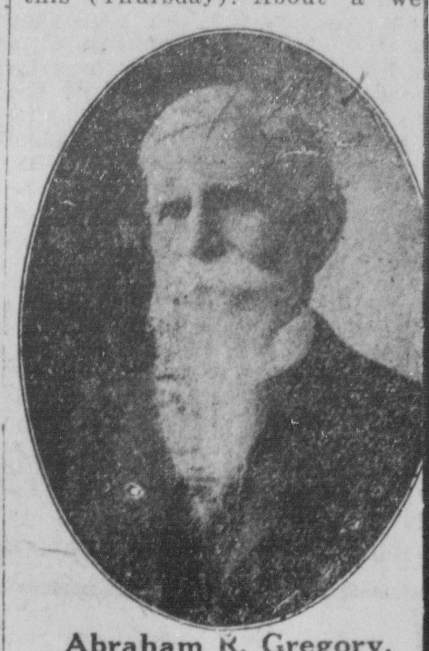

**GIVE YOUR BOY**  
An EVERSHARP pencil for a Christmas gift. All the boys want them. We have them in all styles and prices.

LANE'S BOOK STORE, 225 West State Street.

## ABRAHAM R. GREGORY DIED THIS MORNING

Well Known Resident Dies After Brief Illness—Had Been Resident of Jacksonville For Many Years.

Abraham R. Gregory, a resident of Jacksonville during his entire life, died at his home 83 South East street at 12:30 o'clock this (Thursday). About a week ago Mr. Gregory suffered a stroke of paralysis and did not rally, growing gradually weaker until the end came at the hour indicated.

Abraham R. Gregory.

Deceased was a well known figure on the streets of the city and a man of unusual activity for one of his age, being in his 87th year at the time of death. He always walked from his residence to the business section and was known to all by his genial manner of greeting those he met.

Mr. Gregory had not been engaged in active business for many years. He evinced a great interest in all municipal affairs and was always found in the support of all forward movements.

In the years of 1875 and 1877 he served the city as alderman from the Third ward. He was a member of Illinois Lodge of Odd Fellows and was one of the few who have received the jewel of the order for fifty years of continuous membership. Mr. Gregory also served as deputy sheriff when the late George Jameson was sheriff.

In his business dealings Mr. Gregory was known for his honesty and integrity. It could be said of him that his word was as good as his bond. He was an outstanding figure in the community and a man who held the highest esteem of all.

He is survived by his widow, two sons, Fred L. Gregory and A. R. Gregory, Jr., of this city and Mrs. Mamie Rimes of Chicago. No arrangements have been made for the funeral.

READ THE JOURNAL.

## DR. REDDISH RELEASED FROM CUSTODY

ADMITTED TO RAIL ON PENDING CASE.

John W. Mackelden Is Free Man—Both Cases Against Him Dismissed By State—Will Return to St. Louis—Dr. and Mrs. Reddish to Remain Here for Present.

Dr. Horace A. Reddish, acquitted of the charge of killing his father, Stephen M. Reddish, and under indictment for the murder of Rachel Cisco, was admitted to bail yesterday by Judge E. S. Smith in the circuit court. Bond of \$15,000 was signed by Mrs. Sarah Reddish, mother of the defendant, and Herbert Gunterman, relative. Dr. Reddish shortly afterward removed his belongings from the Morgan county jail and he and Mrs. Reddish and their little son Hubert now have rooms at the home of Mrs. Thomas Waggoner, 314 West College street.

Mackelden Freed.  
The cases on the docket against John W. Mackelden were dismissed on motion of State's Attorney Paul M. Hamilton. Mr. Mackelden is a free man and he and his wife are also at the Wagner home but expect to return to St. Louis at 10:15 this morning.

Messrs. Hamilton, Chapman, Sumner and Reardon, attorneys from Jerseyville and Mr. Sullivan, attorney from East St. Louis, all returned to their homes yesterday morning.

When court opened Wednesday morning action was made by attorneys for Dr. Reddish that he be released on bond in the Cisco case. Judge Smith immediately entertained the motion and it was agreed that the amount of the bond should be fixed at \$15,000. It provides that the defendant shall report to the circuit court from term to term until further order of the court is given.

**Happy Family.**  
It was naturally a very happy family group that was in the court room following the release of Dr. Reddish on bond and the discharge of the cases against Mr. Mackelden.

Dr. Reddish made a round of all the county offices and called on various other persons whom he has met during the trial, both receiving congratulations and distributing cigars.

Thus far the young physician who has been exonerated of the charge of killing his father has refrained from all newspaper statements other than a few brief sentences indicating that he is innocent of the charges made against him and fully expected to be acquitted.

It is understood here that Dr. and Mrs. Reddish expect to spend a few days here in Jacksonville and that their plans for the future are not determined. Although the Stephen Reddish left his son Clarence a larger acreage of land here than that provided for Dr. Reddish, the latter will share liberally in the valuable estate that the murdered man left.

**UNIVERSITY CLOSED**  
Lee Ford a student of Illinois University was a visitor in the city yesterday. He was on his way one to Greenfield.

**DON'T BE AFRAID OF THE DARK**  
You will miss the treat of your life if you fail to see NAZIMOVA in "The Brat." ASK YOUR NEIGHBOR

## WILL PROTECT CITY FROM COAL SHORTAGE

Chicago and Alton Officials to Send Fifteen Cars of Eastern Coal Here—Will Release as Needs Require.

That the local coal situation is easing up and that Jacksonville will have protection from continued shortage was made certain yesterday when D. C. Diltz, agent for the Chicago & Alton, received information that 15 cars of coal have been billed to Jacksonville. The latter came from W. C. Steffa, superintendent of the car service for the Chicago & Alton, and stated that the cars are to be held here subject to order. This coal is all from eastern points, Ohio and Pennsylvania.

It was further indicated that the Chicago & Alton had determined that more certain protection would be assured the city by this general shipment of coal here to be held under order than could follow from individual orders being sent in from time to time by dealers or the fuel committee. While the eastern coal thus far received is not of the same size to which local people are accustomed, they are finding that by spreading it lightly over a bed of coals instead of filling up the stove or furnace in the customary way, that the results are very satisfactory.

The coal from Pennsylvania altho intended for domestic purposes looks very much like Illinois screenings. In fact it is very similar to semi-anthracite coal, known both in Pennsylvania and Arkansas regions. There is more heat in a ton of this eastern Illinois coal than in an equal quantity of bluish cast like that from anthracite coal and as soon as the consumer knows how to fire, satisfactory results are obtained. It will be a great satisfaction to the people of Jacksonville to know that this large tonnage of coal is to be kept here on the tracks for a number of days in order to provide protection against shortage.

## NOTES FROM THE REDDISH TRIAL

The jurors who served in the Reddish murder case were mightily glad to return to their homes after having remained in the court room and hotel for a nine day period. The jury included: Edward Bradley, Woodson; Harry Butler, Sheldahl; Rufus Mansfield, Centerville; E. H. Ranson, John Gray, Daniel Holley, S. G. Chumley, H. C. White, R. E. Crabtree, Lincoln Cowdin, L. F. Ross and Charles Laney, Jacksonville. Mr. Ross was named foreman.

Deputy Sheriff Benjamin Andrews was in charge of the jury all thru the period. It was his duty also to summon all witnesses as their presence was desired by the attorneys. The court complimented the deputy for the way the witnesses were kept in readiness and Sheriff Weatherford was also commended for the order maintained all thru the trial. The court room was massed with people each day and much of the time four deputies were on duty.

One of the busiest men during the trial was Circuit Clerk C. W. Boston. Because of the very large number of non-resident witnesses much more than the usual amount of work devolved upon him. An accurate record must be kept of names of all witnesses, the number of days in attendance and the mileage. In this instance the names were all unusual and the addresses new to local records.

## Funerals

Sharpe.

The funeral of the late Joseph K. Sharpe was conducted yesterday afternoon in the beautiful chapel of the Reynolds Undertaking Parlor and was in charge of Matt Starr, Pastor, G. A. R. Rev. P. R. Lardis read portions of Scripture and offered a prayer and Willard Wesner most acceptably played the organ. The beautiful ritual of the Grand Army, amplified for the occasion was then carried out and at the close the remains were borne to their last resting place in Diamond Grove cemetery, the bearers being: Lew H. Pratt, C. M. Sharpe, L. P. Owen, D. E. Sweeney, Walter Patterson and John Carroll. There were many beautiful flowers and these were cared for by Mrs. Lew H. Pratt, sister, and Miss Sharpe, niece of the deceased.

**Charlesworth.**  
Funeral services for Mrs. Margaret Charlesworth were held from Arenzville M. E. church at 1 o'clock Wednesday morning in charge of the Rev. J. J. Yamm, pastor of Concord M. P. church, assisted by the Rev. M. Symon of Concord.

There was a large gathering of relatives and friends to pay a last tribute of respect to the memory of the deceased. Music was furnished by Mrs. cordially invited.

## Furniture as Gifts - Makes Lasting Remembrance

A gift of furniture or furnishings for the home is a permanent investment for good cheer, happiness and usefulness. A furniture gift is welcomed Christmas morning and each morning thereafter. Each day brings more thoughts of the giver and more joy to the recipient. Several good suggestions are illustrated—pieces that will make any home merrier.

### A Dining Table

Will add a great deal of cheer to that dining room Christmas day. One similar to illustration. 45 in. top, extends 6 feet, solid oak, finished golden, specially priced

\$24.95

### Hobby Horses

Will be found in a number of different sizes in our basement section. Equipped with stirrups, saddle, real hair, mane and tail. All bridled, ready for the rider, ranging in price from

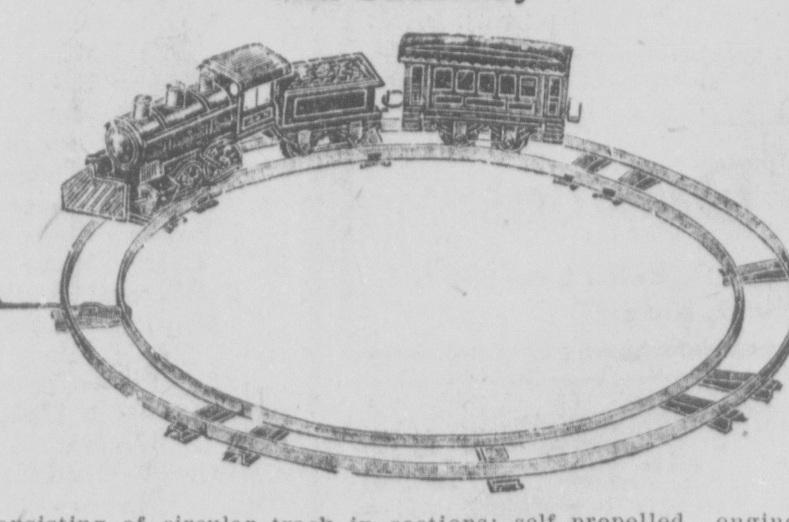

\$4.50 Up

### A Cage for the Bird

Can be easily decided upon by seeing the large display we have on the first floor. Brass and wicker cages separate. Wicker cage, finished brown, complete with stand as a week end special at

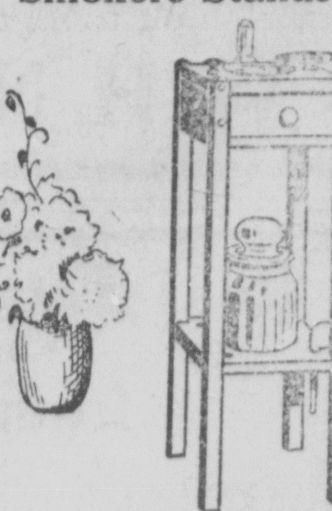

\$16.50

### Special Train Value for Friday and Saturday

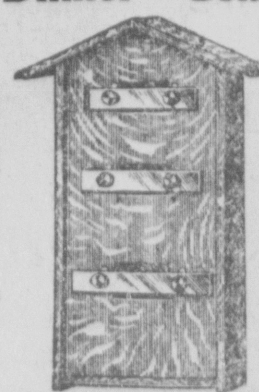

Consisting of circular track in sections; self propelled engine, tender and one coach. Special price for two days

### Smokers Stands

A splendid assortment to make your selection from in mahogany, brass and fumed oak. Prices range from \$2.50 up.

### Dinner Gong

As illustrated in solid quartered oak finished fumed. Has three chimes that make a very pleasing sound, at

\$6.50

## NAME "BAYER" IS ON GENUINE ASPIRIN

Take Tablets Without Fear, If You See the Safety "Bayer Cross."

If you want the true world-famous Aspirin, as prescribed by physicians for over eighteen years you must ask for "Bayer Tablets of Aspirin."

The "Bayer Cross" is stamped on each tablet and appears on each package for your protection against imitations.

In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain in general.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.—Adv.

**THE BATTLE**  
Confidence in your physician or the tonic that he may prescribe, is half the battle won. The consistent use of

## SCOTT'S EMULSION

always begets confidence in those who take it. Scott's is a tonic-nutrient recommended by physicians everywhere.

Let SCOTT'S help you win your battle against weakness.

Scott & Bowser, Binghamton, N. Y.

## "OUCH! THAT OLD RHEUMATISM!"

Just get out that bottle of Sloan's Liniment and "knock it galley-west!"

WEREN'T prepared for that quick switch in temperature, were you? Left you stiff, sore, full of rheumatic twinges? You should have had a bottle of Sloan's Liniment handy—that would have soon eased up the muscles, quieted the jumpy, painful, affected part—penetrated without rubbing, bringing gratifying relief.

Helpful in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your druggist's. 35c, 70c, \$1.40

## Sloan's Liniment

Keep it handy

## "FIDDLE-FIT"

Keep Liver and Bowels Clean and Active with "Cascarets"

SICK headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. The work while you sleep.—Adv.

## RENEW HIS OLD ACQUAINTANCESHIP WITH STRAW STACK

Westervelt, Ill., Farmer Couldn't Work at Thrashing Because of Asthma

T. J. Skiff of Westervelt, Ill., has renewed his acquaintanceship with an old friend, the straw stack, at thrashing time.

He has been bothered with phthisis or asthma since childhood. It finally got so bad that he couldn't help with the thrashing. He writes: "I took Natski Blood Purifier and I can now work as ever could before taking NATSKI. I will answer any inquiry on receipt of a stamp."

T. J. SKIFF, Westervelt, Ill.

NATSKI is recommended for rheumatism, kidney trouble, skin diseases, nervous debility, and eczema. On sale here by Gilbert's Pharmacy.—Adv.

## WHITE HALL BOOSTS FOR NEW HIGHWAY

Will Send Delegation to Meeting at Alton Friday—Want Route Changed to Run Thru Carrollton and Jerseyville—White Hall News Notes.

White Hall, Dec. 10.—G. R. Adams, vice president of the Mississippi Valley Highway Association, formerly the Burlington Way is organizing a delegation to attend a meeting of the Jacksonville-St. Louis division to be held at 2 o'clock Friday in the Mineral Springs Hotel at Alton. Louis Lowenstein will take along a party consisting of Adams, J. C. Spencer, Attorney W. L. Winn and Rev. A. F. Ewert. Other parties may be formed if Adams is able to interest them in the proposition that is to come before the meeting to change the route to take in Carrollton and Jerseyville and eliminate Greenfield on the parent trial, leaving Greenfield on the Springfield division. Carrollton and Jerseyville are much interested, and they will have the support of White Hall and Roodhouse in passing a resolution for making the change, altho Greenfield is entitled to representation in the meeting, and they may offer objection. White Hall will likely get a place in the election of division officers. The Mississippi Valley Highway is one of only four north and south highways recognized by the United States government as transcontinental highways. Its importance is increasing every year, and White Hall is alive to secure every advantage that accrues from its location on the route. The division office thru Illinois are organizing and preparing to get action on the hard road construction work that will secure results along this way possibly years in advance of what otherwise would be possible without concerted and organized effort in that direction. The Mississippi Valley Highway is the most formidable organization of its kind in a legislative way in the state. Its leading purpose is to secure legislation and political action favorable to the highway.

C. A. Ruckel has an order placed for a Stanley steamer, built at Newton, Mass., and it is a magnificent production that the manufacturers have requested and been granted permission to place it on exhibition at the national automobile show in Chicago before being sent on to White Hall. It has a Victoria top, and when it arrives will be the finest auto in this section.

White Hall Prodigy. S. Berry Grant, grand son of T. J. Grant, with whom Berry makes his home, is a pupil at the White Hall high school, and is only sixteen years of age, yet he has won credit for a knowledge of railroad operation rules and practices that is not excelled so far as an examination campaign just closed at Doodhouse is concerned. All employees concerned in the movement of trains are given an overhauling and examination every few years or oftener and Examiner Meatyard has been at Roodhouse this week in his special car for that purpose. Young Grant is right at home among railroad men, and he joined in the classes that were examined. It is said of him that he answered every question propounded to him with an accuracy and fluency that brought high commendation from the examiner. The young man possesses a thorow knowledge of the movement of trains by telegraphic orders, block signals and time card rules, and also signals and safety regulations. He has made it a study since he was a great deal younger than he is now, the now only sixteen, and has written to various rail heads to borrow rule books and other matter that would enable him to get a wider range of standard railroad books as they are made to apply to the local conditions of the respective heads. Mr. Meatyard could not grade the boy, because he is not in the service of the C. & A. company, but it leaks out that the inspector made a statement to Chief Dispatcher W. B. Hunt that leaves no uncertainty as to the thorow knowledge of the standard rules of railroad operation possessed by this White Hall high school boy. The recognition is exceptionally valuable, because few authorities on railroad rules rank higher than Mr. Meatyard.

Small Pox Situation. One month ago compulsory vaccination was ordered by the local board of health, and this was immediately followed by quarantine regulations that were the most stringent that were ever imposed on a city in this section of the state at least. The situation became exaggerated as the story spread in public print and otherwise until the number of cases was placed as high as 400, and that no mail or passengers would be taken from White Hall. Now that the ban is lifted it can be stated that these stories were grossly exaggerated in most cases. The number of cases of smallpox has never been reported to the writer as above sixty, but the number of people quarantined because of being exposed was more than twice this number. An inquiry of the city clerk today reveals that he has not issued a single death certificate during the prevalence of the epidemic.

The leading winter feature of the week was the cold wave on Tuesday that caused the temperature to drop to four degrees below zero Tuesday night. There has been a trace of snow and sleet combination on the ground since Monday night.

The death of Ed Bolin, of Milton, Pike county, occurred at 10:30 p. m. Monday, aged 42 years. He was a brother of Mrs. F. N. McLaren of White Hall and was well known here. For four years chronic kidney trouble had been undermining his health. He was cashier of the bank at Milton, owned by his father, Representa-

tion were fearful; crowds of people running to and fro not knowing when they would get out owing to the annulment of so many trains.

DOCTOR ADVISED  
CHANGE OF CLIMATE  
Run Down and Lungs Hurt—Stayed Home and Gained 22 Pounds  
"In November, 1911, I had a severe cold and la-grippe, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job and was ordered to change climate. In April 1912, I began taking Milks Emulsion. On the second bottle I could see a change. My appetite was better and I commenced to gain strength and weight. Now, (August 23, 1912) I have used 23 bottles, have increased 22 pounds in weight and believe I am permanently cured."—W. F. Bourland, Route 5, Wolf City, Texas.  
Mr. Bourland was fortunate in commencing to use Milks Emulsion when he did. A run-down system invites disease. Milks Emulsion costs nothing to try.  
Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.  
This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.  
No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it, according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

CONSIDER THIS WOMAN'S CASE  
Mrs. A. L. Dine of Los Angeles, Cal., says: "After I had suffered from a female trouble for years, not being able to do my housework, or get any relief from doctors, Lydia E. Pinkham's Vegetable Compound made me a well woman, and I want to tell the world the good this medicine does." This woman is perfectly justified, and should be commended for telling others how she regained her health.—Adv.

PET CORNS  
New Drops of "Freezone," Then Let Corns Night Off  
A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift off the bothersome corn or callus right off with your fingers. Truly! No humbug!—Adv.

MISS FRANCES ENGLISH AT HOME  
Miss Frances English has returned from her extended visit in Elgin. The statement that she was ill was an error as it was her little niece Frances who was indisposed. Miss English returned on the Alton Hummer by way of Roodhouse and had a tedious enough time getting back. She said conditions in the Chicago station were fearful; crowds of people running to and fro not knowing when they would get out owing to the annulment of so many trains.

Bond

MISS MCCARTHY WEDS  
ALABAMA RESIDENT

Daughter of Mr. and Mrs. J. L. McCarthy United in Marriage to E. R. Wren at Birmingham. Will Reside in Talladega Alabama.

Mr. and Mrs. Jos. L. McCarthy of 653 Hardin avenue received the announcement of the marriage of their daughter Miss Janet to Edward R. Wren of Talladega Ala. They were married in Birmingham Ala., on Monday evening at 5:30 o'clock at St. Paul Rectory by Father Coyle.

The bride is the daughter of Mr. and Mrs. Jas. L. McCarthy. She attended the Parochial school of this city and also is a graduate of Routh College and Business College. She has been associated with the Howell Hat Shop of Talladega Ala., where she has held the position of head trimmer.

The groom is the only son of Dr. and Mrs. E. B. Wren of Talladega Ala., and a graduate of

Auburn College. He has been in service for three years, serving nineteen months in France, where he received commission as lieutenant and was awarded four medals for bravery.

Mr. and Mrs. Wren left for New Orleans on their wedding tour and will be at home in Talladega, Ala., after March 1st.

**LADIES ATTENTION**  
Anyone desiring beautiful hand made articles suitable for Christmas or wedding gifts at reasonable prices are invited to call at 350 West College street and examine those Mrs. S. E. Tompkins now has on hand.

O. G. Glaze was a city arrival from Palmyra yesterday.

Famous Old Recipe  
for Cough Syrup

and cheaply made at home,  
but it beats them all for  
quick results.

Thousands of housewives have found that they can save two-thirds the money usually spent for cough syrups, by using this well-known old recipe for making cough syrup. It is simple and cheap but it is no equal for prompt results. It is a right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Put 2 1/2 ounces of Pinex from any drug store, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly all lasts a family a long time.

It is truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying cough and dreaded cold disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes.

Avoid disappointment by asking for Pinex for 2 1/2 ounces and don't be misled by full size tins and don't be misled by cheap imitations.

Guaranteed to give satisfaction or money refunded. The Pinex Co.

101

THAT COLD WON'T  
BOTHER YOU LONG

Not if you let Dr. Bell's Pine-Tar-Honey help relieve it

**COLD-DISCOMFORT** is something no man, woman, or child should be bothered with for any length of time. The pleasant ingredients of Dr. Bell's Pine-Tar-Honey help wonderfully in loosening phlegm and congestion, easing the breathing, and relieving cough, bronchitis, cold inflammation, hoarseness.

The test of time has favored Dr. Bell's Pine-Tar-Honey. It helps speedily, safely, to start a cold-sufferer on the road to normal. No medicine cabinet should be without it.

All Druggists, 30c, 60c, \$1.20.

**Dr. Bell's**  
Pine-Tar-Honey  
for Coughs and Colds

Positive Children and Grownups  
Coughiness hinders the system, makes you  
nervous, listless, ambitious. Control it with  
Dr. Bell's Pine-Tar-Honey. It helps speedily,  
safely, to start a cold-sufferer on the road to  
normal. No medicine cabinet should be without it.

**PODOX**  
LIVER AND STOMACH

## ZION

Mr. and Mrs. James Begnal and family and Mrs. William McGrath and children, north of Murrayville, spent Sunday afternoon with Mr. and Mrs. John Maloney.

Mr. and Mrs. Andrew Reid were Jacksonville callers Saturday.

S. A. Bracewell was a Jacksonville visitor Thursday of last week.

This neighborhood was well represented at the Osborn funeral at Murrayville, Thursday afternoon.

Mr. and Mrs. S. H. Ash and family spent Sunday afternoon with Mr. and Mrs. George Durham.

Mr. and Mrs. William Hart and daughter spent Sunday evening with Mr. and Mrs. John Maloney and family.

Mr. and Mrs. Jesse Covington spent Thursday with their daughter Mrs. Stella Rousey of Murrayville.

Don't forget the sale Monday, December 15 at the Fred Simpson farm. Ladies of Zion church serve lunch.

Mr. and Mrs. S. H. Ash and family and Mr. and Mrs. Frank Short and family were county seat visitors Saturday.

The entertainment and box and pie social was well attended and quite a success Thursday evening at East Greasy. The proceeds were near \$41.

Spencer Wagstaff spent Sunday with his aunt Mrs. Grace Ozbun and family.

Lloyd Hunt was a Manchester visitor Friday.

Mrs. Ida Wagstaff and daughter were Jacksonville callers Saturday.

Glenn Durham fell Friday at school while playing ball and tore the ligaments loose from bone in his leg. He will be kept at home a few days.

Mrs. Grace Ozbun and daughter Eva spent Saturday afternoon with Mrs. Minnie Simmons.

Mr. and Mrs. Edward Lonergan were Jacksonville visitors Monday.

## MORGAN

We have been having rain, snow, sleet—interspersed with cold blustering winds which is hard on those who have no coal and no way to get wood.

Miss Ella Daly spent the past week with Mrs. Irvin Covison.

Clyde Williams returned from St. Louis last Tuesday where he went with a car load of hogs belonging to himself and George Anderson.

Mr. and Mrs. John Drake are rejoicing over the arrival of a little daughter at their home. It is the second daughter and they call her Rozia.

Mr. and Mrs. J. K. Hutches and Mr. and Mrs. C. E. Williams were visitors at the home of M. V. Hutches last Tuesday.

Alfred Rohe and sisters Leta and Leah and Mr. and Mrs. Clyde Taylor and son spent Friday evening with Mr. and Mrs. Harry Koch.

Mrs. J. W. Moody, Mrs. Elmer Adams and daughter of Clinton, Iowa, Mrs. Frank Brockhouse and Ruth Moody spent last Thursday with C. E. Williams and family.

William Brownlow of Chapin was a business visitor here last Friday.

Mr. and Mrs. Wilbur Williams and daughter and Miss Nettie Nash spent Sunday with Mr. and Mrs. Clyde Williams.

Roy Sawyers of Bluffs spent Sunday with Mr. and Mrs. Irvin Coulson.

Mrs. Henry Owens is reported on the sick list at this writing.

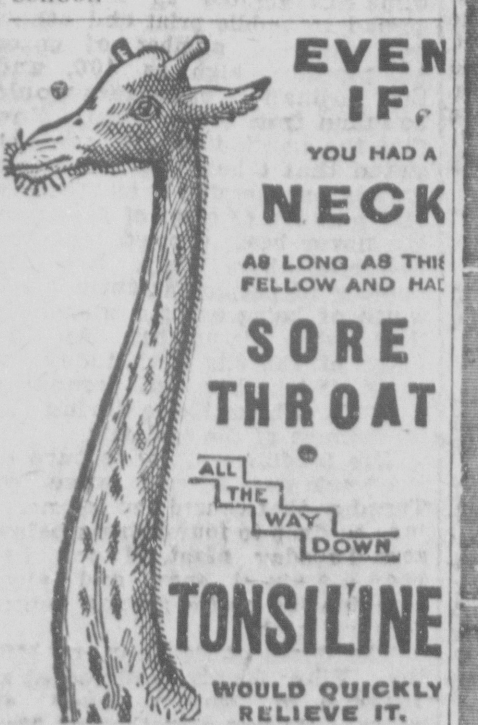

Mr. and Mrs. Frank Brockhouse, Mrs. Elmer Adams and daughter Miss Ruth Moody spent the day last Friday with Clyde Williams and family.

Mrs. Elmer Adams who has been visiting his mother Mrs. J. W. Moody, returned to her home in Clinton, Iowa, last Sunday.

The women of Trinity Episcopal church will hold a Christmas apron sale on Saturday, Dec. 13th at the Rectory. Sale opens at 10:30 o'clock. A special feature will be an afternoon tea. Friends of the church are cordially invited to be present.

## ROUTT SCHOOL HAD PICTURES

In the article on the country schools which appeared in the Journal of yesterday morning the writer forgot to mention the excellent collection of portraits of eminent persons adorning the walls of the Routt schoolhouse near Davis Switch. This list deserves especial mention as it is hardly equaled by any other rural school.

**PRINCE ALBERT**

*the national joy smoke makes a whale of a cigarette!*

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a tippy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

**FREE DELIVERY**

## Big Canned Fruits and Vegetables Sale

A shipment of Libby's Famous Canned Fruits have just arrived. Our order was cut short due to the small pack and very heavy demand. We have had hundreds of inquiries in the past month as to when Libby's Fruits would be in. We promised to advertise on their arrival. Everything arrived but Pineapple, which will be here in a short time. The prices are much higher than former years, but not near as high as they will be. We advise our customers wanting Libby's Fruits to buy this week.

Libby's extra lemon cling peaches	Libby's Extra Apricots	\$5.75 per doz.
Libby's Rosedale lemon cling peaches	Libby's No. 2 Extra Apricots	\$4.60 per doz.
Libby's Extra Royal Ann Cherries	Libby's Green Gage Plums	\$5.30 per doz.
Libby's Rose Dale pears	Libb's Happy Vale peaches	\$5.25 per doz.

All of the above listed fruits are in extra heavy syrup and will be retailing at from 60 to 75c per can this winter.

100 dozen cans Woodford Cocoa	200 dozen cans selected Early June Peas	Best Northern Potatoes
100 dozen cans good standard corn	Best Kansas Hard Wheat Flour	No. One Soft Shell English Walnuts
\$1.75 per doz.	\$1.73 per doz.	\$2.19 per bu.
\$1.64 per doz.	\$3.29 per large sack	44c per lb.

## WEDNESDAY STOCK MARKET IS DULL

**NEW YORK, Dec. 10.**—Dull-  
ness was the most striking char-  
acteristic of today's stock market.  
The turnover of 605,000 shares  
representing the smallest turn-  
over for a full session since the  
summer months.

The same causes which have in-  
fluenced the course of recent  
markets were again operative,  
notably the coal strike and fur-  
ther depreciation of foreign ex-  
change.

Call money which opened at  
seven per cent advanced to ten  
per cent but few loans were re-  
ported at that rate. The industri-  
al situation was summarized by  
the Iron Age, which stated that  
"the iron trade is face to face  
with a much more serious (coal)  
shortage than that which has been  
a matter of concern for weeks."

This condition was reflected in  
the November statement of un-  
filled tonnage issued by the United  
States Steel Corporation which  
disclosed an increase of more than  
650,000 tons, the largest gain of  
any month this year.

Stocks were most active in the  
final hour, when moderate heaviness  
of rails and shippings was  
succeeded by rallies of one to  
four points in oils, motors, steels  
and other speculative favorites,  
the market closing with a firm  
tone.

The bond market continued to  
lose ground. Sales (par value)  
aggregated \$22,650,000.

## CHICAGO LIVE STOCK MARKET

## CRIMSON TEAM HAS HARD SCHEDULE

**Harvard Football Program For**  
1920 Includes Several Depart-  
ures From List of This Season.

Cambridge, Mass., Dec. 9.—  
The Harvard football schedule  
for next season will be one of the  
hardest a Crimson team has had  
to meet. It will include several  
departures from the list of the  
season just closed, which Harvard  
disposed of without defeat. The  
eleven of Centre College, which  
emerged from the obscurity of  
Kentucky gridirons this fall with  
an unbroken string of twelve vic-  
tories, is the most notable addi-  
tion. The middle west will be  
represented by Notre Dame Uni-  
versity according to word re-  
ceived today and the University  
of Virginia again will bring the  
Southern collegiate type of game  
to the stadium.

The schedule now being drafted  
is of nine dates. Official an-  
nouncement will be withheld sev-  
eral weeks until all details are  
confirmed.

The first date, September 25,  
will be a doubleheader for the  
Harvard squad. The opponents,  
however, are not quite certain.

The second date when Harvard  
will meet University of Maine, al-  
so may be made a double one if  
Maine consents. Notre Dame, it  
is understood will play here  
October 9, with Williams College  
appearing a week later.

Centre College has been as-  
signed the important mid-season  
game on October 23, which Uni-  
versity of Illinois declined, and  
Virginia will come on October 30.

**TERMS OF SALE**—Cash in  
hand on day of sale. Possession  
given upon the approval of the  
report of sale.

**HENRY W. ENGLISH,**  
Master in Chancery,  
Wilson & Butler,  
Solicitors for Complainants.

## Women Need Swamp-Root

Thousands of women have kid-  
ney and bladder trouble and nev-  
er suspect it.

Women's complaints often  
prove to be nothing else but kid-  
ney trouble, or the result of kid-  
ney or bladder disease.

If the kidneys are not in a  
healthy condition, they may cause  
the other organs to become dis-  
eased.

Pain in the back, headache, loss  
of ambition, nervousness, are of-  
ten times symptoms of kidney trou-  
ble.

Don't delay starting treatment.  
Dr. Kilmer's Swamp-Root, a  
physician's prescription, obtained  
at any drug store, may be just  
the remedy needed to overcome  
such conditions.

Get a medium or large size bot-  
tle immediately from any drug  
store.

However, if you wish first to  
test this great preparation send  
ten cents to Dr. Kilmer & Co.,  
Birmingham, N. Y., for a sample  
bottle. When writing be sure and  
mention the Jacksonville Journal.  
—Adv.

## SEVERE WEATHER STRENGTHENS CORN

**CHICAGO, Dec. 10.**—Severe  
cold weather did a good deal to-  
day to strengthen the corn mar-  
ket. Prices altho unsettled at the  
close were up 1/4 to 1 1/2 cts. net.  
Oats gained 3/4 to 5/8 cts. Provi-  
sions finished unchanged to 20c  
higher. Below zero temperatures  
prevailing over a large portion of  
the country indicated to corn  
traders the likelihood of serious  
increase of delay to the move-  
ment of the corn crop. Smallness  
of today's receipts of corn here  
tended further to stimulate buy-  
ers and so likewise did a material  
upturn in hog values. After mid-  
day, however, demand for corn  
slackened and speculative selling  
that accompanied extreme new  
low records for British exchange  
led to something of a reaction.  
Then commission houses support  
developed again and prices rallied  
before the finish.

Despite the break in sterling,  
oats duplicated the firmness of  
corn. Country offerings were  
light.

## EAST ST. LOUIS LIVE STOCK

**East St. Louis, Ill., Dec. 10.**—  
U. S. Bureau of Markets—Hogs—  
Receipts 14,000; market higher;  
top \$13.70; bulk \$13.25 @ \$13.65;

## Nasty Colds

Get instant relief with  
Pape's Cold Compound

"Don't stay stuffed-up! Quit blowing and snuffling! A rose of Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!

## Beauty Answers

BY MADAME MARÉE

MISS F. K. L.—"Making the pores smaller has a direct and tremendous result in the elimination of wrinkles. The reason for this is that when the pores become smaller the texture of the skin becomes finer, and the tissues are thereby braced up. Coarse skins are usually full of wrinkles. Just try this method once and you will realize that you have found a powerful wrinkle secret. Get a two-ounce package (50 cents) worth of spitol from your druggist, and mix this powder with one tablespoonful of glycerine in a half pint of water. Apply this cream very freely on the face every day, and you will be astonished to find the difference it will make in your appearance of age. It removes the thousands of small wrinkles, crows' feet and even the deep wrinkles. Try it."

"Happy"—A glorious head-wash. Yes, here it is, and a wonder too! Just dissolve a teaspoonful of esgol in half a cup of water, and use as a head-wash. You will be surprised at the remarkable cleanliness of your scalp and the glossiness of your hair as a result. For twenty-five cents you can get at the drug store enough esgol to last for many weeks.

MISS M. O. N.—A really wonderful way, and the easiest and quickest way to remove superfluous hairs is to dissolve them. This is done by moistening the hairs with suifol solution which you can get at any drug store for one dollar. This never leaves a scar or red spot, always works whether the hair is very thick or downy, and on the most delicate skin it is the only safe way, and is exceedingly simple and quick.

## HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arecine and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germ will have a hard time gaining a foothold.

ties recommended as  
idea by United States  
Army dental surgeons

## WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL  
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, senile men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

## CHAPIN WOMAN'S CLUB HELD MEETING TUESDAY

Mrs. C. F. Duckett Hostess to Members of Club Tuesday Afternoon—C. W. B. M. Gave Program Sunday Evening—Other Chapin Notes.

Chapin, Dec. 10.—The Chapin Woman's Club met with Mrs. C. F. Duckett on Tuesday afternoon, December 9, with thirteen members present.

The meeting was opened with the Club song, "America." The roll call was then answered with "Christmas Suggestions."

Mrs. Gustav Onken then read a very interesting Christmas story entitled, "When Ladd's Ship Came In."

Mrs. Z. Fox then read a very instructive as well as interesting paper on "The Mississippi River and its Resources."

During the business session it was decided to have meeting during the summer months. A motion to keep the present officers another year was made and carried.

Victrola music was given. The social hour was enjoyed by all at which time the hostess served refreshments of creamed chicken, rolls, pickles, coffee and apples.

The next meeting will be held the second Tuesday in January with Mrs. Fred Craven.

Mrs. Dan Omar visited in Beardstown the first of the week. C. W. B. M. Day Program.

The Christian Woman's Board of Missions held the yearly C. W. B. M. Day meeting Sunday night, December 7, at the Christian church, with the following program.

Voluntary—Ruth Hutchins. Song—"Onward Christian Soldiers."

Invocation—Mrs. Mabel Bobbitt.

Scripture Reading, Matt. 23:13-20; Psalm 103—by President, Mrs. Omar.

Roll Call—Missionary Item, Missionary Name or Scripture.

Song—Juniors.

Report of C. W. B. M.

Education—Miss Hattie Bobbitt.

Medical—Mrs. Alice Anderson.

Evangelical—Mrs. Grace Stone.

Story of Sue San—Mrs. Leitzie.

Talk by Bro. Cantrall.

Collection was then taken amounting to thirty-one (\$31.00) dollars.

Song—"Blest Be the Tie That Binds."

C. W. B. M. Benediction.

Five new members were added Sunday.

Sunday afternoon, Bro. Cantrall and Mr. Woodward in company with Mr. Middleton went to Jacksonville to the home of Bro. Cantius, where they, with the latter's elders being present, obtained Bro. Middleton as minister.

Mrs. Omar and daughter Aileen were shopping in Springfield Friday.

Mrs. Fred Rigg of Versailles is visiting relatives here.

Henry Perfix went to Brunswick, Mo., Saturday on business.

Walter Bobbitt will serve on the jury in Jacksonville the next two weeks.

Clyde Craven of Beardstown was visiting home folks on Saturday.

Howard Smith and wife of Jacksonville visited with her parents, Robert Bridgman's over Sunday.

Mrs. Edna Henry and children of Arenville, visited with relatives Saturday and Sunday.

Catharine Meyers of Versailles visited over Sunday at the home of Elmer Surratt.

Elmer Meyer and brother Elmer, visited Sunday with Mr. and Mrs. Will Fisher.

Mrs. Donald Duckett has gone to Chicago to visit with her parents.

Mrs. Elmer Adams and daughter of Clinton, Iowa, who have been visiting at the home of her mother, Mrs. Moody, have returned home.

Bernard Allen left Monday morning for Versailles to take charge of the lumber yard which the Hunter-Allen Lumber Co has recently purchased.

## YATESVILLE

Mrs. Sarah Brown and granddaughter, Miss Dorothy Stice visited at the home of Samuel Farmer of Jacksonville a few days last week.

Mr. and Mrs. Howard Hodgson, Mr. and Mrs. William Freitag were Jacksonville visitors last Friday.

Miss Goldie Tignor visited Mrs. Henry Means one day last week. Miss Gertrude Green spent Wednesday with Mrs. Carroll Robinson.

Mr. and Mrs. David Tignor journeyed to Jacksonville last Friday. Charles Brown is riding around in a new Ford.

Mrs. Thomas Long and children spent Sunday afternoon in Ashland.

Mrs. Dora Green spent Wednesday with Mrs. Ollie Moore.

Mr. and Mrs. Martin Robinson motored to Jacksonville Monday.

Howard and Harold Farmer spent Sunday afternoon with Carl Yancy of Ashland.

Mr. and Mrs. Charles Edward and Ollie Moore motored to Jacksonville Monday.

Howard Farmer was a Jacksonville caller Monday.

## FILE CLAIMS
